# RUSSIA TO AVOID 'RECKLESS DECISION'

## India Rejects Red Chinese Truce Proposal

'Pure Hypocrisy' Tag Attached To Idea Of Nehru-Chou Parley

NEW DELHI (AP)—High Indian officials rejected as "pure hypocrisy" today a Communist Chinese proposal for a meeting between Prime Minister Nehru and Premier Chou En-lai to settle the Chinese-Indian border conflict.

The officials also rejected a companion Chinese proposal, broadcast from Peiping, for a cease-fire under which each nation would withdraw its troops 12.5 miles from the present battle lines.

A government spokesman, in the first official comment on the Chinese offer, termed it "vague, confusing and deceptive." This was viewed as an indication Nehru would reject the proposal, although the spokesman declined to go that far.

One Indian official said the offer of talks might be considered if the Chinese withdrew to the position they held Sept. 8. This was just before their troops crossed what India considers to be her northeastern border with Tibet in the area just east of Bhutan.

Some officials believed the Chinese proposal was made under pressure from Soviet Premier Khrushchev, who wrote Nehru last weekend he hoped the border dispute would be settled through peaceful negotiations. Nehru reportedly replied Monday night that India refuses to negotiate with Peiping under duress and that "no negotiation is possible or feasible so long as an aggressor occupies our sacred soil."

The Indian government has insisted that the Chinese withdraw not only in the northeast but also pull out of positions they hold in the Ladakh area 900 miles to the northwest. China has refused to withdraw in the Ladakh area where they have built a road connecting Tibet and the western Chinese province of Sinkiang.

The Chinese said the unfortunate fighting was the result of a question left over by history. The statement said the 48-year-old McMahon Line, which India claims as its border with Chinese-occupied Tibet, is a creation that "British imperialists attempted to force upon China by taking advantage of the powerlessness of the Chinese and Indian peoples."

British diplomat Arthur H. McMahon established the line in negotiations with Tibet in 1914, when India was under British rule.

The Chinese government, the statement said, "has always stood for a peaceful settlement of the Chinese-Indian boundary question through negotiations and held that pending a peaceful settlement, the extent of actual control by each side should be respected and neither side should alter the state of the boundary by unilateral action."

Reports from the northeast fighting said Chinese troops were driving for the important monastery town of Towang, about 17 line miles inside the western end of the McMahon Line.

## Postal Probers Tear Apart Home For Loot, Find Nothing

WEYMOUTH, Mass. (AP)—Federal officials conceded failure today after almost literally taking apart an \$18,000 ranch home in an 11½-hour search for most of \$1.5 million stolen Aug. 14 in the Plymouth, Mass., mail robbery.

Thomas R. Richards, 37, a World War II Navy veteran who bought the home in December 1958, was missing.

There was no warrant for Richards' arrest on any charge. Massachusetts State Police canceled a pickup order for him without explanation.

Instead of the expected million dollars, "more or less," as the search warrant described it, the all-day search yielded \$330—three \$10 bills hidden by a board fastened to the cellar ceiling against the plumbing. The bills could not be identified as stolen.

Other finds included a 12-gauge

## Washington C.H. Woman, 85, Fatally Hurt In Auto Crash

An 85-year-old Washington C. H. woman died at 2:25 a. m. Wednesday in Riverside Hospital, Columbus, of injuries she received five hours earlier when the car she was driving crashed head-on into another automobile on a county road about three miles northwest of Jeffersonville.

Fatally injured was Mrs. Anna

Mertz Creamer, 10 Oxford Pl. She was brought by ambulance to Fayette Memorial Hospital and then taken to the Columbus hospital. She had suffered a crushed skull and chest.

A passenger in Mrs. Creamer's car, Gloria Jean Hall, 15, daughter of Mr. and Mrs. Robert L. Hall, 911 Rawlings St., and the driver of

the other car, Mrs. Mary Fowler Bowermaster, 18, Rt. 1, South Solon, were treated at Fayette Memorial Hospital for cuts and bruises and later released. Mrs. Bowermaster is the wife of Frank Bowermaster.

Deputy Sheriffs Bob McArthur and Robert L. Cannon said that Mrs. Creamer, traveling east on the Upper Jamestown Rd. about 9:30 p. m., drove left of the center line in rounding a turn and skidded approximately 50 feet before hitting the Bowermaster car head-on. The fronts of both cars were wrecked.

Mrs. Creamer and her young companion were returning home from a meeting of the Progress Club, at the home of Mrs. Justin Owens, near Pleasant View, when the accident occurred.

MRS. CREAMER was a native of Williamstown. She had lived in Washington C. H. six years, moving here from Jeffersonville where she resided 40 years.

She was the widow of Schuyler Creamer.

Active in church and community affairs in Jeffersonville, Mrs. Creamer was a member of the Jeffersonville Methodist Church, its WSCS and Berean Circle Sunday School class and the Progress Club, a Jeffersonville literary group.

For many years she gave vocal and instrumental music lessons in Jeffersonville.

Surviving are two sons, Dwight, of Cuyahoga Falls; and Forest, of South Bend, Ind.; and three grandchildren. She also leaves a sister, Mrs. Elizabeth Morton, of Kennebec, Wash., and two half sisters, Mrs. Bernice Beardsley, Lindlay, and Mrs. Henry Fischer, Nevada City, Calif.

Services will be at 2 p. m. Saturday in the Jeffersonville Methodist Church, with the Rev. Robert B. St. Clair officiating. Burial will be in Jefferson-Fairview Cemetery.

Friends may call at the Morrow Funeral Home, Jeffersonville, after 2 p. m. Friday and at the church after noon Saturday.

## Turkey Alert Along Border With Russia

ISTANBUL, Turkey (AP)—The Turkish army was reported today to have canceled all leaves for units in the eastern sector, along the border with the Soviet Union.

Premier Ismet Inonu called another Cabinet meeting to discuss the Cuban situation, but there has been no official announcement on the stand Turkey will take.

Studded with American and North Atlantic Treaty Organization missile bases, Turkey would be in the vanguard of any military showdown. But the government was expected to endorse moves taken by the United States.

Turkish editorial reaction was generally favorable to President Kennedy's action. The left-wing Vatan said, however, Kennedy might have taken "the false step that could lead to a third world war."

Turkey's army forces are estimated at about 700,000 men. NATO bases here have taken precautionary measures, but have not been placed on any alert basis, Turkish sources reported. The atmosphere in Istanbul was generally calm.

## Part Of NE Ohio Gets 2-Inch Snow

CLEVELAND (AP)—Some residents in parts of northeastern Ohio awoke today to find the ground covered with snow up to two inches thick.

The U. S. Weather Bureau at Cleveland Hopkins Airport said the heaviest accumulation of snow was in the Amherst area seven miles west of Lorain in Lorain County.

The snow, which fell earlier while temperatures hovered between 32 and 34 degrees, melted quickly as the mercury started to climb after daybreak, a forecaster said.

Less than two inches of snow were reported in North Royalton and Strongsville in southwestern Cuyahoga County.

## Buildings To Be Posted

## 28 Fayette County Shelters Approved

Twenty-eight buildings in Fayette County will be posted as approved fallout shelters during the next few days.

Steps will be taken to create a Civil Defense Council to expedite Civil Defense preparations in the county.

These actions were initiated Tuesday night at an emergency meeting attended by Marilyn Riley, president of the Board of County Commissioners, all seven county councilmen, Virgil Sexton, county CD director and other CD officials.

The meeting was called to examine the local Civil Defense situation in the light of the war threat over the American arms blockade around Cuba.

Riley said the commissioners, who have primary responsibility for Civil Defense in the county, will order the printing of temporary posters for the buildings.

THE BUILDINGS were approved as fallout shelters in a county-wide survey made last year by federal Civil Defense authorities. Regular signs have never been received and the posters will serve

until the signs are delivered.

Riley said he will confer with fellow commissioners Cliff Hughes and Lawrence Dumford on speeding up creation of the Civil Defense Council.

The latter step was urged by Sexton who gave the meeting a full report on the present status of Civil Defense preparations in Fayette County.

SEXTON SAID the following buildings were found to have basements adequate to serve as fallout shelters:

St. Colman Catholic Church, North and East Sts.

First Baptist Church, North and East Sts.

First Presbyterian Church, Market and Hinde Sts.

U. S. Post Office, Market and Hinde Sts.

Washington High School, 318 N. North St.

Rose Avenue School, 412 Rose Ave.

Cherry Hill School, 720 W. Oakland Ave.

Med-O-Pure Dairy, 1024 Leesburg Ave.

Washington C. H. Fire Station, 130 N. Fayette St.

Marting Mfg. Co., 809 Delaware St.

The Moore's Store, 134 W. Court St.

Midland Grocery Co., 153 S. Main St.

Fayette County Farm Bureau, 319 S. Fayette St.

The old Washington Ice and Coal Co. building, Water and Temple Sts.

Ohio Water Service Co. waterworks building, 1009 N. North St.

Cudahy Packing Co. building, 532 Dayton Ave.

All schools in the Miami Trace School system except New Holland.

THESE BUILDINGS are the new high school and the element-

## Lockbourne Vague On Role Of Planes

COLUMBUS, Ohio (AP)—Lockbourne Air Force Base today released what it said was a statement authorized by the Strategic Air Command Headquarters at Omaha, Neb., "in response to queries about SAC's role in the current world situation."

The statement read: "Fifty per cent of SAC's combat aircraft and a greater percentage of its missile force have been on a 15-minute alert status since July 1961. In support of the President's decision, and in order to provide the strategic umbrella under which current U. S. actions are made possible, SAC has further increased its alert capability."

"Details as to the exact numbers and disposition of its alert forces are classified."

## White House On Guard

A LINE OF VISITORS to the White House is being searched before admittance on public tour. A trailer (arrow) contains electronic equipment to inspect packages and handbags carried into the White House.

## Small Nations Urge UN Aide To Intervene In Cuba Case

UNITED NATIONS, N.Y. (AP)—Britain and Venezuela today threw their support behind the U. S. military quarantine of Cuba as Acting U.N. Secretary-General U Thant weighed a small nation appeal that he intervene in an attempt to head off a U.S.-Soviet showdown.

A committee representing 45 countries from all parts of the world called on Thant this morning and requested him to seek a standstill pending a negotiated settlement. He was reported to have told the group he would consider the appeal.

Ambassador Zenon Rossides of Cyprus, chairman of the group, said Thant indicated he might address the 11-nation Security Council later in the day. The small countries were called into another session to hear the committee report and to consider a possible resolution for the council.

Inside the council chamber, Venezuelan Ambassador Carlos Sosa-Rodriguez declared the Soviet weapons in Cuba were no longer defensive but were a threat to the entire hemisphere. He demanded that the council take action.

## Latins To Aid In Quarantine

WASHINGTON (AP)—A State Department official reported today that various Latin American countries are now offering to help out in the U.S. quarantine of arms shipments to Cuba.

He listed Argentina and Costa Rica as two Latin-American countries which have offered to aid in the action against Cuba. He indicated he expected other offers would be received soon.

He said discussions are now under way with Argentine officials on the use of Argentine ships to aid in the quarantine.

Costa Rica, he said, has no army but offered base facilities this morning for use in the anti-Cuban action.

The U.S. official said some bases in Latin America might be helpful to the U.S. Navy in carrying out its operation.

tion to halt the shipment of offensive weapons and to dismantle the missile bases already built.

"It is sufficient," he said, "that these weapons are now in the hands of the nuclear powers themselves, and we cannot accept that they be handed over to the only Communist state in the Americas."

British Delegate Sir Patrick

Dean accused the Soviet Union of "calculated double dealing" and declared this is bound to cast doubt on any statements issued by the Russians.

He said the stationing of Soviet missiles in Cuba affects the whole security of the Western Hemisphere and cannot be tolerated.

Many of the small nations want-

## Castro Rejects Any Limit On Cuba's Military Buildup

HAVANA (AP)—Asserting he has the weapons to "repulse any aggression," Prime Minister Fidel Castro rejected any limit on Cuba's arms buildup Tuesday night and called the U.S. arms quarantine an act of piracy.

"Our arms are defensive," Castro declared as he defied a U.S. proposal for the United Nations to send in an inspection team to investigate President Kennedy's charge that Soviet missile bases are planted in Cuba.

Anyone trying to carry out an arms inspection in Cuba "had better come ready for combat," the bearded revolutionary leader told the nation in a 90-minute television address.

Castro scoffed at Kennedy's warning in his speech Monday that the flow of Soviet arms to Cuba was a menace to the Western Hemisphere.

He ridiculed the Organization of American States for its solid support of the U.S. quarantine of Cuba. He called the organization's inter-American defense pact a scrap of paper only "valid for those following in the flock of imperialism."

Castro, who had mobilized Cuba's military forces right after Kennedy's blockade announcement, was 30 minutes late for his address.

President Osvaldo Dorticos, dressed in a militiaman's uniform, and other high government officials sat in the studio. An announcer said the prime minister was speaking "at a particularly delicate moment in the history of the world."

Castro emphasized he would tolerate no outside interference on the question of arming Cuba and implied it was the United States that had forced him to arm.

"We will acquire the arms we feel like acquiring," Castro said, "and we don't have to give an accounting to the imperialists. Cuba has the right to arm itself and defend itself and we have had to do so. What would have occurred if we had not been armed at the time of Giron Beach?"

This was a reference to the invasion at the Bay of Pigs by a force of U.S.-backed Cuban exiles in April 1961.

Castro spurned the U.S. plan before the U.N. Security Council to send U.N. observers to see that Cuba complies with Kennedy's demand that Soviet offensive weapons be dismantled and removed.

"We reject all types of investigations, no matter where they come from," Castro said. "Cuba is not the Congo. We will not disarm."

Castro said the Cuban people were not worried by Kennedy's warnings.

However, there was a rush on food shops by housewives apparently fearful of new shortages. There was a brisk sale of candles, useful in blackouts and power failures.

Cubans in the streets seemed more quiet than usual. They watched as more troops and weapons appeared in Havana. Soldiers barricaded the avenue next to the Armed Forces Ministry.

## Razor Doubts Khrushchev Will Risk Thermonuclear War In Cuban Crisis

Soviet Premier Khrushchev is "not stupid enough" to resort to thermonuclear war over the arms blockade around Cuba, Jerry C. Razor, Democratic candidate for Congress, said here Tuesday.

Razor spoke to the weekly luncheon meeting of the Washington C. H. Rotary Club at Washington County Club.

Referring to Khrushchev's often repeated statement that our grandchildren would live under communism, Razor said the Russian leader is convinced of the "inevitable" triumph of the Communist system.

And Khrushchev is well aware of the power of the U. S. Stra-

tegic Air Command to devastate the Soviet Union if this country is provoked to war, Razor declared.

THE CANDIDATE, a resident of Commercial Point in Pickaway County who is on leave from his position with WLWC-TV in Columbus, devoted most of his speech to the challenge of the Cold War.

He said America's goal must not be stalemate, not containment, but the final triumph of freedom. Razor described the offensive weapons in the Cold War as words, ideas and money, and said military weapons play only a defensive role.

He called for an intensification

of our offensive in this war and said we must pierce the Iron Curtain with our most potent weapon—the truth.

THE FREE WORLD has made some progress in winning the Cold War, Razor said, pointing to the economic recovery of Western Europe since the war, the heavy defeats the Communists have suffered in recent Italian and Japanese elections and the Berlin wall, which he called "dramatic proof" of our success in winning away the people of the Communist East German "utopia."

But Razor warned that the out-

## Navy Reports No Contacts Are Made Yet

### BULLETIN

MOSCOW (AP)—Premier Khrushchev, commenting on the U.S. arms blockade, said today the Soviet Union will take no reckless decisions nor "be provoked by unwarranted actions of the United States."

"We will do everything in our power to prevent war from breaking out," he said in a message to the British philosopher, Bertrand Russell, who had sent Khrushchev a plea for Soviet efforts to avoid a nuclear war.

At the same time Khrushchev suggested a summit meeting. He expressed belief that a "meeting at the highest level would be useful to discuss all questions that have arisen and to eliminate the threat of nuclear war."

Before the Cuban crisis arose President Kennedy said he would welcome talks with Khrushchev if the Soviet leader went to the United States for sessions of the United Nations General Assembly.

Diplomatic sources in Washington suggested the initiative for possible summit talks had come mostly from Moscow.

Khrushchev coupled his apparent call for a summit conference with repeated calls for the United States to back off from its naval blockade of arms shipments to Cuba.

WASHINGTON (AP)—The United States Navy's warships prowled the Atlantic Ocean today for Soviet cargo ships bound for Cuba and carrying offensive weapons.

At 12:30 p.m. (EST), with the quarantine officially in effect for 3½ hours, the Defense Department said it had no reports of interception of any ships.

The department also said it had no report that any of the Cuba-bound Russian ships had changed their course.

Strung out along the approaches to Cuba were an estimated 25 Soviet ships. Some of them quite possibly were carrying offensive weapons to the Cuban Communist ally—a movement which President Kennedy says must be stopped.

At 9 a.m. Eastern Standard Time, Kennedy's quarantine went into effect and the historic moment was at hand. The first warships headed in toward the first Soviet cargo ships.

A few hours before, the Navy had broadcast radio warnings to all shipping to stand clear of the area, that it could become dangerous.

The Defense Department made public aerial reconnaissance photographs which it said proved the charge that the Soviet Union was installing or has installed ballistic missiles, almost certainly with nuclear warheads, on Cuban sites.

The Defense Department kept secrecy on the total of Navy ships and planes assigned to the quarantine operation and on the precise areas in which they were operating.

The Washington Post said Soviet military attaches were spreading the word at a Soviet Embassy reception Tuesday night that Soviet ships steaming toward Cuba are under orders not to be stopped or searched.

Soviet Ambassador Anatoly Dobrynin declined to refute the statements.

Kennedy signed a proclamation Tuesday night formally invoking the quarantine against offensive weapons—an act he said was needed to defend the security of the United States.

Ten minutes later, Secretary of Defense Robert S. McNamara sent the Navy's Task Force 136 its formal orders to halt all ships headed for Cuba, to examine their cargoes and turn away any vessels—Soviet or other nationality—found to be carrying missiles, bombs, bombers and other weapons that could menace the United States or Latin-American nations.

The blockaders—already poised across the Atlantic—were told to use the minimum amount of force necessary to enforce the ban but skippers were given full authority to bring into play "whatever force is required." Clearly, this meant sinking Soviet vessels, if necessary.

Shortly after issuing these orders, McNamara announced he had extended the enlistments and duty tours of all Navy and Marine officers and enlisted men for up to 12 months. This is intended

(Please Turn to Page 15)

## Solons Accept Prospects Of Military Action

WASHINGTON (AP) — Congressional leaders grimly accepted today the prospect that full scale military action may be needed to back President Kennedy's move aimed at wiping out the Cuban missile threat to the Western Hemisphere.

Without exception, party leaders scheduled to confer with Kennedy late today on the crisis made it clear they recognized the risk of nuclear war is great. They are willing to take it.

Some of them expect a preliminary showdown with the Soviet Union in the shipping lanes almost momentarily. Others believe that if the President's demand for dismantling of Soviet controlled missile bases in Cuba is flouted, massive military action to take them over might come later.

Strong sentiment for an immediate invasion of Cuba was expressed during a meeting of the congressional leaders with Kennedy on Monday, a House member who sat in on the meeting reported today.

"But the decision had been made before we were called," he added.

He said, however, that there still is a possibility of an armed invasion of Cuba, if the arms quarantine is not effective.

Another House member said he did not get the impression that there was any strong insistence on an invasion.

"There was a lot of talk about alternatives," he said. "We batted everything around, and it was obvious that the President also had considered other possibilities; but, when it was all over, it was generally agreed that the course decided on was the best one to take."

Neither informant would allow himself to be identified. The unanimous viewpoint that the crisis is heading toward a climax was sustained by a statement of Secretary of the Treasury Douglas Dillon.

Dillon told a meeting of Latin American finance ministers in Mexico City Tuesday that if offensive preparations on the island are not halted immediately "further action will be fully justified."

Sen. Hubert H. Humphrey of Minnesota, deputy Democratic Senate leader, told reporters that, come what may, the United States "is not going to tolerate what they have in missiles already or any expansion of them."

Humphrey said that in White House meetings he had attended there had been no time limit set on Kennedy's demand for removal of the bases.

Senate Democratic Leader Mike Mansfield of Montana said Soviet Premier Khrushchev and Cuban Prime Minister Fidel Castro should not longer have any doubts that the United States is ready to protect Western Hemisphere security.

Senate Republican Leader Everett J. Dirksen of Illinois said in a separate interview the situation is so tense that almost anything can happen. His deputy, Sen. Thomas H. Kuchel of California, said the prospect of a general nuclear war cannot be thrust aside.

After their conference with the President today, some of the congressional leaders expect to return to their home states to resume their campaigning. They were called in from around the country for an emergency White House meeting Monday just before Kennedy announced the United States was throwing a quarantine around Cuba to halt Soviet shipments of offensive weapons to the Caribbean island.

## You Can Count On U.S. Navy

NORFOLK, Va. (AP) — With warships of the Atlantic Fleet deployed to meet the first critical test of the arms quarantine in the sealanes around Cuba, a fleet spokesman commented today:

"When something happens down there, you can be sure the Navy will let the world know about it."

The ships are in position to do the job the President told them to do, he said. Activity at all naval commands in the area continued with a stepped up air of immediacy that began with President Kennedy's address Monday night. Identification cards or passes were checked at the gates of all installations. All leaves are canceled for the present.

### \$25 Bond Forfeited

John B. Adams, 40, Rt. 3, forfeited \$25 bond in Municipal Court Wednesday when he failed to appear to appear on a disorderly conduct charge. The charge was brought by Earl Kinner, owner of a restaurant at 628 Campbell St., where the offense, allegedly occurred.

An acre of Antarctic sea water probably contains more animal and plant food than any other acre of water — or land — in the world.

## Deaths, Funerals

THOMAS P. SITES — Services for Thomas P. Sites, 90, who died Sunday morning in his home, 211 Grand Ave., were held at 1:30 p.m. Tuesday in the Kirkpatrick Funeral Home here by the Rev. Percy Grimm, assistant pastor of Grace Methodist Church.

Burial was in Washington Cemetery with Ora Blackmore, Wayne Van Meter, Floyd Baughn, Floyd Jacobs, George Fogle and Loring Williams the pallbearers.

HORACE B. KNAPP — Services for Horace B. Knapp, 57, of 1130 Gregg St., who died Friday, were held at 1:30 p.m. Tuesday in the Gerstner Funeral Home, with the Rev. Don McMillan, pastor of the First Christian Church, officiating. Music was provided by Mrs. Paul Maugher and Mrs. Coyt Stookey, vocalists and Mrs. Marion Gage, organist.

Burial was in Highlawn Memory Gardens. Pallbearers were Donald, David, William E. Jr., Kenneth, Carroll and Glen Henry Smith.

## Oldest Clinton Resident Dies

WILMINGTON — A. L. (Link) Semans, 101, oldest resident of Clinton County, died Tuesday in Clinton Memorial Hospital. He had been ill several months and was confined to the hospital two weeks ago.

Mr. Semans was born in Paintersville (Greene County) Aug. 17, 1861. He was a retired farmer.

Services will be at 2 p.m. Thursday in the Marsh Funeral Home. Burial will be in Port William Cemetery.

## Small Nations

(Continued from Page 1) ed to call directly on President Kennedy to lift his arms quarantine of Cuba, but it was decided instead to address the appeal in general terms.

Considerable doubt was felt that the United States, having ordered its warships to halt all vessels in Cuban waters, would pay any attention to an appeal addressed only to it. The group—made up of nations from Africa, Asia, Europe and Latin America—was hopeful that a general appeal to the United States, the Soviet Union and Cuba might ease the situation.

Some observers viewed the small nation action as a sign that the United States might not get the support it hopes for if it takes its case to the 109-nation General Assembly. Many nations which strongly oppose both Cuba and the Soviet Union feel a blockade is too drastic a move and risks a head-on collision between the United States and the Soviet Union.

U.S. Delegate Adlai E. Stevenson urged the 11-nation Security Council to act at once before the Soviets swallow up the world piecemeal.

Stevenson charged that the flow of Soviet missiles and other offensive weapons into Cuba is a "grave threat to the Western Hemisphere and the peace of the world."

Soviet Deputy Foreign Minister Valerian Zorin countered that the U.S. blockade is a reckless act which brings the world to the brink of nuclear war. He branded as "completely false" U.S. charges that the Soviet Union has based offensive missiles in Cuba.

The United States introduced a resolution demanding that the Security Council order the Soviet Union to pull out all offensive weapons it has sent to Cuba.

The Soviets put in a counter resolution calling on the United States to end the blockade and start talks with the Soviet Union and Cuba to "normalize the situation" and "remove the threat of war."

## Elevator Fire Damage May Exceed \$10,000

A corn dryer and a large quantity of corn in an 85-foot, three-level concrete and steel grain elevator, located about one mile south of Bloomingburg on Rt. 238, sustained between \$8,000 and \$10,000 fire damage Wednesday morning, Manager James Wagner reported.

The elevator is owned by the Central Ohio Grain Co. Washington C. H. firemen were called to the blaze at 9:20 a.m. and spent nearly two hours extinguishing it. The fire started in the dryer after a thermostat and fire detector failed to function properly.

The manager said exact amount of damage may prove to be higher. He said the dryer and contents of the elevator were covered by insurance.

### Oxygen Administered

Lt. Marvin Overly, of the Washington C. H. Fire Department administered oxygen from the department's inhalator to Forest L. Crumbitt, 52, of 516 Fourth St. about noon Tuesday.

Crumbitt, who had suffered a mild heart attack at his home, was taken to Memorial Hospital and admitted. He was listed Wednesday in "fair" condition.

## Kennedy Signs Building Bill

### 200 Projects Listed In Federal Measure

WASHINGTON (AP)—Legislation to authorize federal construction of about 200 flood control, navigation and beach erosion projects has been signed by President Kennedy.

The new projects—nearly every state has one or more—are estimated to cost more than \$2.4 billion in federal expenditure, plus local participation in the form of land, easements and rights of way and in some cases cash contributions.

The omnibus authorization bill, passed by Congress on the day of its adjournment Oct. 13, provides no money. Funds for such projects are subject to separate congressional action through appropriation bills. Kennedy signed it Tuesday.

The bill contains these Ohio 6 projects:

Navigation projects—Huron Harbor, \$8,557,000; Cleveland Harbor, \$888,000; Conneaut Harbor, \$6,179,000.

Beach erosion projects — Lake Erie shoreline from Michigan-Ohio State line to Marblehead, \$658,500; Sheffield Lake Community Park, Sheffield Lake Village, \$100,300.

Navigation surveys — Auglaize River at Wapakoneta; shores of the coastal areas of the United States and its possessions, including shores of the Great Lakes, for beach erosion control, hurricane flood protection and related purposes, no definite amount.

Flood control projects—Kokosing River, \$2,438,000; Mad River above Huffman Dam, \$7,930,000; Crab Creek at Youngstown, \$2,288,000; Scioto River, \$55,307,000; In Columbus, Gov. Michael V. DiSalle said today the bill contains additional Scioto River basin projects.

He listed them as food control projects for Columbus and Chillicothe and reservoirs on Alum, Mill and Salt Creeks. Details were not specified.

DiSalle said he recommended inclusion of the projects, along with others, to Ohio Sens. Frank J. Lausche and Stephen M. Young and the secretary of the army. They were urged by Chillicothe officials and others, he added.

## Fallout Shelters

(Continued from Page 1) ary school at Eber, the two elementary schools at Jeffersonville, and the Madison Mills, Milledgeville, Olive, Good Hope, Staunton, Chauffin and Wilson elementary schools.

Sexton said that to be suitable a building should be multi-storied with brick or concrete walls and heavy roofs and floors. The area to be used as a fallout shelter should be sufficiently protected by heavy walls, roofs or earth to filter out the gamma and delta rays resulting from nuclear and thermonuclear bomb blasts.

Many Washington C. H. schools and other buildings are not usable because they are either single storied or because they contain too many glass windows. Glass offers no protection against these rays.

However, Sexton said, some schools could be made usable if sandbags were available to cover the exposed glass areas.

WILLIAM SOLLARS, county sanitarian, said the chief complication about using the approved buildings at present is that they do not have stocks of food and water. Persons entering the shelters would be required to remain for up to possibly two weeks or until the radiation danger has passed.

The original plan was to store food and water in the shelters. However, the plan was never carried out because Congress failed to appropriate the necessary funds.

ON OTHER Civil Defense preparations, Sexton reported: The Civil Defense emergency unit headed by Jim Merritt, assistant county CD director, is functioning, equipped with an emergency truck. Civil Defense auxiliary police and fire units are also functioning. CD has no block wardens at present.

A 200-bed emergency hospital is in storage here, including a portable generator sufficient to operate all its equipment and a complete operating theatre.

About 15,000 square feet of floor space would be required for the hospital.

Sexton said the doctors and nurses of Fayette County have a program set up to be placed in operation in event of a major emergency.

However, he said, he does not know whether a sufficient number of qualified personnel are available to operate the emergency hospital.

The Civil Defense director said public indifference has been the chief deterrent to development of an effective CD program here and elsewhere in the nation. He said Congress cut \$500 million from the Civil Defense appropriation request and that state Civil Defense funds were trimmed to the bone by the last Legislature.

The tiny shrew will attack and devour almost any animal up to twice its own size.

## Grand Jury Aide To Question Rhodes Office About Accuser

COLUMBUS, Ohio (AP)—"Okay, John, you know where the auditor's office is," said Adrian B. Fink Jr. to his aide in conducting a special grand jury investigation into charges of influence peddling in the state liquor monopoly. "Tomorrow, go over and ask them if they know where Makler is."

The "tomorrow" now is today, and attorney John M. Manos, as assistant to special counsel Fink, was to visit deputy auditors William Morris and Roy Martin. Manos was to ask whether they know where to find Joseph H. Makler of Chicago, missing accuser.

Witnesses scheduled to testify today, last day of the probe before a long weekend recess, included Liquor Director George R. Dick, being recalled after testifying last week; Milton Farber of Columbus, attorney for Gilbert Bilenkin, president of Famous Brands, Inc., Dayton, and the Montgomery County auditor.

Bilenkin, whose turn to testify will come later, Tuesday night in Dayton made his first public pronouncements since being named in the probe.

Bilenkin not only denied the allegation he got influence money from Makler and others, but was indignant about what he said was rude treatment his secretary received during grand jury questioning Monday.

Bilenkin told the Dayton Journal Herald "a certain person" on the jury "got out of line" in remarks to the secretary, Mrs. Florence Gormley, bookkeeper for Bilenkin's Bilmar Coal Co. in Dayton.

Farber, Bilenkin's attorney, said Fink had apologized to him for remarks made in the grand jury room to Mrs. Gormley.

Bilenkin pooh-poohed Atty. Gen. Mark McElroy's suit to dissolve Famous Brands as "nothing." Bilenkin said "I want to reiterate everything" Farber said earlier Tuesday when the lawyer commented: "Bilenkin isn't guilty of anything and when the time comes we'll show that."

Bilenkin told the Journal Herald his earlier story of being hospitalized in New York was used because of what he termed annoying tactics of a reporter he declined to name. He said he did have an eye operation in July and used facts about that instance to avoid reporters in recent weeks.

The jury took testimony Tuesday from two newsmen whose articles brought Makler's charges to light and named other alleged instances of influence peddling.

Following the business session, movies of the band's performance at the Homecoming football game between the Lions and MT Panthers Friday night were shown by Director Walter Burckholter. Burckholter described each of the band's many formations and explained how the 136 members of the band had learned to execute them.

## UNICEF Canvass At Jeff On Sunday

JEFFERSONVILLE — Children here are planning to devote their Halloween fun to collecting "trick or treat" cash contributions to the United Nations International Children's Emergency Fund (UNICEF) Sunday night. The Jeffersonville Methodist Youth Fellowship is the sponsor.

The children will make their rounds under the supervision of adults or teenagers with instructions to ring no doorbells more than once. They may be identified by a sticker with the silhouette of a mother and child in black on an orange background.

Following the canvass, there will be a penny counting party in the Methodist Church.

Trick or treaters last year collected \$2 million to buy milk and medicine for less fortunate children in foreign lands.

## 2 Truckers Fined On Load Charges

Judge Max G. Dice fined two truck drivers guilty of excess weight violations \$468 and costs, suspending \$235 of it, in Municipal Court Wednesday.

John Calhoun, 28, Leesburg, was fined \$415 and costs (\$200 suspended on condition of no further violation) for driving his truck over Rt. 41-S loaded 13,000 pounds in excess of the tandem axle-limit of 31,500 pounds; an additional \$20 fine against him for driving the truck in such unsafe condition to endanger other highway users was suspended.

Hartel M. Moore, 57, Latham, was fined \$33 and costs (\$15 suspended) for driving a tandem axle truck over Rt. 41-S loaded 1,300 pounds in excess of the limit.

## Foreign Aid Bill Signed By Kennedy

WASHINGTON (AP)—President Kennedy has signed the \$3.9-billion aid bill. The measure prohibits its aid to any country providing military or economic assistance to Cuba or which permits its ships to haul cargo there.

There is a similar ban on 18 designated Communist countries. However, the President may waive these provisions if he informs the Foreign Relations committees of both houses of Congress.

The appropriation, signed late Tuesday, is 20 per cent below what Kennedy had requested.

Russia is one state in the Soviet Union.

## Band Boosters Defer Decision On Spring Trip

The Washington High School Band Boosters will have a new vice president and secretary after their next meeting, Nov. 27.

The resignation of Mrs. Robert E. Parish as secretary was accepted at Tuesday night's meeting in the high school band room with regret when she explained she is moving from the city.

A couple of months ago, Howard McNabb resigned the presidency because of the press of personal business and H. S. Stemple moved up from the vice presidency to succeed him.

Last year's nominating committee agreed to present candidates for vice president and secretary at the next meeting.

After discussing at length a possible trip for the WHS Varsity Band to Holland, Mich., next spring for the Tulip Festival there, the group deferred a decision at least until the next meeting. Meanwhile, a check on the finances and money-making projects will be made.

### HOW THE WEATHER LOOKS COLUMBUS, Ohio (AP) — Official Weather Bureau summary of Ohio's weather outlook:

A large high pressure area centered in the Midwest brought some clearing to Western Ohio counties during the night, but at dawn today most of the state was cloudy.

Snow flurries were falling during the early morning hours at Akron and Youngstown.

During the last 24 hours, precipitation has been heaviest in the northeast counties, with as much as four-tenths of an inch at Cleveland and two-tenths at Akron. Snow was on the Ohio Turnpike from Lorain to northeast of Akron. Two inches fell at Amhurst.

Early morning temperatures were below freezing at Cincinnati, where 25 degrees was registered, and at Toledo, where the temperature dropped to 29. Findlay had 30 and Columbus 34.

Cold air will continue to dominate Ohio, and there will be occasional showers and snow flurries, mainly near Lake Erie.

### OHIO FIVE DAYS FORECASTS SOUTHERN & CENTRAL OHIO—Temperatures will average 8 to 12 degrees below normal.

Normal high 59-66, normal low 38-42. Cold through Monday, only minor day-to-day changes. Little or no precipitation except chance of a light shower or snow flurries central Thursday and Sunday.

## Razor Speaks Here

(Continued from Page 1) come is far from resolved and declared the Cold War, already 15 years old, could go on for a decade or a generation.

Razor acknowledged that the Russians have the advantages of surprise and initiative and are waging a war of nerves against us in hope that our nerves will crack.

HE SAID American economic aid to underdeveloped areas must "get to the people" and not be pocketed by their governments.

These people desire something better than the life of misery and poverty they have known. They have an innate desire for freedom, Razor said.

Razor was introduced by County Commissioner Lawrence Dumford.

DURING the club's pre-program business session President Don Wood announced the appointment of the Rotary Crippled Children's Committee which will consist of Dr. James E. Rose, Dr. A. D. Woodmansee, City Manager David Foell and Dumford.

Visiting Rotarians were Robert Weatherly, Middletown, Robert Raines, Piqua, William Wallace, of Mt. Sterling.

Other guests were Douglas Kirkpatrick of Battersea, Ontario, Canada, with Sam Marting; Archie Kirkpatrick of Battersea, with Dr. W. H. Limes; Reed M. Winegardner, Robert Mace and Clyde Michaels, with Dumford; Charles Rath, with Verne Haugen; and Henry Arline, with Forest Tipton.

Birthday greetings were sung for Horace Wilson.

## Hearing Continued

Municipal Court hearing for Guy Fredrick Briggs, 39, of 732 Yeoman St., charged with driving while intoxicated and reckless operation, has been continued until 9:30 a.m. next Wednesday. Briggs was arrested by police at 12:20 a.m. Saturday on E. Court St. He was released on \$370 bond.

## Banned Weapons List Is Detailed

WASHINGTON (AP) —In his formal proclamation of the arms quarantine around Cuba, President Kennedy specified what weapons are to be considered offensive.

The following are declared to be prohibited material: "Surface to surface missiles; bomber aircraft; bombs; air to surface rockets and guided missiles; warheads for any of the above weapons; mechanical or electronic equipment to support or operate the above items; and any other classes of material hereafter designated by the secretary of defense for the purpose of effectuating this proclamation."

"The following are declared to be prohibited material: "Surface to surface missiles; bomber aircraft; bombs; air to surface rockets and guided missiles; warheads for any of the above weapons; mechanical or electronic equipment to support or operate the above items; and any other classes of material hereafter designated by the secretary of defense for the purpose of effectuating this proclamation."

## Stock Market Bounds Back From Decline

NEW YORK (AP)—Stock market prices — depressed by six straight days of decline — rebounded vigorously early this afternoon while the next step in the Cuban crisis still remained a mystery.

Brokers called it a technical rally, meaning there was no change in news to justify the recovery.

Like a spring pressed back too tightly, the market was bound to snap back — if only temporarily, as one analyst explained it.

Selling continued heavily in the early part of the session, but prices began to rally after a mighty first hour in which 1,180,000 shares changed hands.

The ticker tape ran 36 minutes late, its greatest lag since the hectic Memorial Day week when the tape was behind transactions by an hour and 46 minutes on May 31.

Steels, motors, electrical equipments, rails, utilities, electronics, office equipments, tobaccos, and aerospace issues wiped out losses and produced gains.

IBM wiped out a loss of 7 3/4. American Telephone, Polaroid, and Xerox also canceled losses and registered gains of a point or better, AT&T stretching its recovery to 2 1/2.

McDonnell Aircraft resumed the upside by rising well over a point. Lockheed and Boeing rose a point or so.

Amerada, which lost 8 1/4 Tuesday, recouped more than 2 points.

## Hub Caps, Purse Reported Stolen

Two persons reported theft of personal property to police Tuesday afternoon.

Ronald Helmick, 814 Leesburg Ave., said four chrome hub caps were taken from his car some time Monday night while it was parked at the high school football practice field on Circle Ave.

Louise Stagg, Jasper Mills, reported her brown leather purse was stolen from her car Monday afternoon while she was visiting at 327 E. Market St. She said it contained a matching brown billfold, a pair of eyeglasses, several important papers, a small personal items and personal identification.

## Navy, Marine Personnel Enlistments Extended

WASHINGTON (AP)—Secretary of Defense Robert S. McNamara has extended enlistments of Navy and Marine personnel for up to one year, saying they are needed to man the U.S. arms quarantine of Cuba.

McNamara said the order applies to all men now on active duty and in effect means that there will be no discharges, except for hardship, until further notice up to one year from now. All Navy and Marine Corps personnel are volunteers.

## Actress For 59 Years Walks 7 Or 8 Miles Daily To Work

HOLLYWOOD (AP) — "Next year will mark my 60th year in show business," said Molly Picon, who doesn't look it.

"And this year I marked three firsts in my career—my first Broadway musical, my first book and my first Hollywood movie. So I guess you can say life begins at 60."

Molly is a gentle-voiced woman who brought luster to the Yiddish theater in America. She is normally quiet in manner, but when she gets onstage—watch out. She can mug, sing, dance, crack jokes and steal scenes like a regular Becky James.

Frank Sinatra figured she was just the one to play his mother in his new comedy, "Come Blow Your Horn." So she's here now, walking to work at Paramount studios.

Walking? She's staying at Chateau Marmont, a good seven or eight miles from Paramount.

"Yes, walking," she confirmed. "Nobody else walks in this town, but I do. I like to walk; it keeps me in shape. The only trouble is that the sidewalks keep disappearing in this town. Something

should be done about that." Despite the disappearing sidewalks, Molly is having a good time in Hollywood.

"So much time off I've had," she remarked. "It is the longest vacation I've known since I started in the business. Every year I've worked at least 40-45 weeks, sometimes more."

"My husband (Jacob Kalich) and I keep busy while waiting for me to get a call. We walk. We've been to every little theater in town and most of the restaurants; that's why we have to walk. We've been to Disneyland, which we loved, and Frank Sinatra flew us up to Las Vegas in his own plane. Now that's really living."

## U.S. To Sell 3 Of Its Ohio Oil Leases

WASHINGTON (AP) — The Department of Interior announced Tuesday that oil and gas leases on three parcels of federal land in Ohio will be put up for competitive bidding Nov. 21.

The land is located in the Deerfield field in Mahoning and Portage counties, the announcement said. The parcels consist of 166 acres, 568 acres and 619 acres.

A separate bid must be submitted for each tract, the department said, and bids must be submitted to the Bureau of Land Management along with one-fifth of the amount bid by Nov. 16.

Bidding will open at 1 p.m. Nov. 21. Modifications or withdrawals or bids must be made by the Nov. 16 deadline, the announcement said.

Annual rental of the land will be \$2 per acre, the department said, plus royalties to the government ranging from 12½ per cent for oil and 12½ to 16 2-3 per cent for gas.

## Ohio-Born Author Dies At Age 74

STONINGTON, Conn. (AP) — Dana Burnett, prolific writer for magazines, Broadway and movies, died Monday night. He was 74.

A resident of Stonington since 1947, Burnett wrote hundreds of short stories for a great number of magazines, and four Broadway plays.

The most successful of his Broadway efforts was "These Four Walls," produced by George Abbott in 1928.

A native of Cincinnati, he was graduated from Cornell University in 1911. Burnett also worked as a reporter for the old New York Evening Sun before he turned to fiction writing.

## Canada Is Firm In U.S. Support

### Prime Minister Seeks Inspection Of Cuba

OTTAWA (AP)—Canada has no doubt that Cuba is becoming a strategic missile base, Prime Minister John Diefenbaker says.

Diefenbaker told reporters his proposal for an inspection of Cuba by a team from nonaligned countries is designed to allay any doubts that other countries may have. He said the Soviet Union and Cuba would welcome such inspection if they have nothing to fear from it.

The prime minister said Canada's policy is the same as Britain's — to permit trade with Cuba in nonstrategic goods. Such trade has been shrinking in recent months, possibly due to a lack of dollars in Cuba.

Many Canadian newspapers over the last two years have seen good in the Fidel Castro regime in Cuba, but now an apparent majority of editorial opinion supported the U.S. quarantine.

"No president worth his salt could have said less than Mr. Kennedy said," the Montreal Star commented. "If his critics call this brinkmanship, let it be remembered that the Soviet Union got to the brink long before him."

The Owen Sound (Ont.) Sun-Times said Canada has been guilty in the past of closing its eyes to the facts, "apparently in the fond hope that by denying its existence, this Russian invasion of the Western Hemisphere would vanish."

The Sherbrooke (Que.) Record said President Kennedy took the only course open to him, while the Barrie (Ont.) Examiner found he acted with courage and clear-headed determination.

The Toronto Star, on the other hand, asserted the American action seems hasty and rash.

"Cuba has not invaded any one nor has it committed aggression against any one," said the Star, one of the largest papers in Canada. "It is the United States which has chosen to strike the first."

### When Baby Grew Up It Became A Problem

STANHOPE, Nfld. (AP) — When Wayne Day decided to befriend a baby eagle he found on the shore of Notre Dame Bay near here about two months ago, he didn't realize what he was getting into.

The eagle now has a wing spread of seven feet and keeps him busy feeding it up to 12 pounds of food a day.

## 'War Scare' To Rule Commodities, Stocks

By SAM DAWSON

AP Business News Analyst  
NEW YORK (AP)—The war scare as it grows or ebbs in coming days will rule the stock and commodity markets.

Stock prices tumble if war seems imminent or, worse, if it starts. Fear of what war will do to peacetime industry sends prices

of stocks of consumer product makers tumbling. What passes for prosperity in wartime is quite different from the real thing in peacetime.

But a scare, if it seems to be no more than that, can bolster stocks of companies that traders guess they can't always be sure—will get increased military orders and

profit from them, or can convert quickly from consumer to defense production.

Actual war disrupts stock markets everywhere. After the outbreak in 1914 of World War I the New York Stock Exchange was closed for four and a half months.

Commodity prices usually rise sharply at the first hint that world trade routes may be clipped, or that businessmen will be rushing to stock up on supplies before they become scarce, or that housewives will buy anything from food to appliances they fear may be rationed.

Sober second looks may change this. At the time of the Korean War, American housewives went on a scare buying binge, despite assurances that the war was too small to disrupt consumer production or to tax production facilities.

Only after food began spoiling on the shelves did some of them learn that all they had done was

send prices up needlessly.

Stock traders will be busy trying to guess how serious the quarantine of Cuba will be—what the reaction of the Soviet Union or of some of our allies shipping goods to Cuba, will be.

If the United States succeeds in calling Soviet Premier Khrushchev's hand, there will still be an aftermath of a bigger buildup in U.S. defenses. There is almost sure to be a belief among American businessmen and consumers alike that trouble will be just that much more likely in other parts of the world where Khrushchev tries to regain face.

Paring industrial material stocks tends to stop even when a

war scare turns into a shaky peace. Buying of consumer goods, already planned, may be delayed no longer by many families.

While Americans are trying to decide how serious this war scare is, or while they're waiting for the Soviet Union to react—in deeds, that is, not words—many are expected to follow the usual pattern. The timid will sell stocks, preferring cash in hand. Others will stay on the sidelines and put off any buying plans. Some will look for stocks they think will profit from a defense buildup.

Few sober observers will argue there's anything healthy about the fever-glow of wartime activity or of massive defense buildups.

## Lockbourne Jets Said Transferred

SYRACUSE, N.Y. (AP) — A number of Strategic Air Command jet bombers flew into Hancock Field Monday night as President Kennedy was proclaiming a blockade on Cuba.

The long-ranging, six-engine bombers, which have a nuclear-bomb carrying capability, reportedly were shifted from Lockbourne Air Force Base in Ohio. The exact number was not determined immediately.

Strategic Air Command officials at the Lockbourne base, which is south of Columbus, Ohio, declined to confirm or deny the report. However, jet bombers were flying from the base through the night.

### Messages Run 12-1 In Favor Of Kennedy

WASHINGTON (AP) — The White House reported more than 4,000 telegrams about the President's speech on Cuba, with comments running about 12 to 1 in favor of Kennedy's stand.

Tourists still were being allowed to go through the White House, but under new precautions set up by the Secret Service.

All cameras and packages now must be checked in outside the east gate where the White House tour starts.

White House policemen were on lengthened shifts.

## NBC Decides To Shelve Controversial Wall Film

NEW YORK (AP)—The National Broadcasting Co. has postponed indefinitely a televised program showing construction of a Berlin wall tunnel and the escape of East Germans.

NBC said the program was postponed because of the critical international situation that has developed in the last 24 hours.

## Rail Merger Seen Curb On Nationalization

WASHINGTON (AP)—A Chesapeake & Ohio Railway lawyer has suggested the Interstate Commerce Commission could help avert nationalization of American railroads by approving C&O's bid for control of the Baltimore & Ohio Railroad.

"Here is a wonderful opportunity for this commission to take a big step toward keeping the railroads in private hands," Edward K. Wheeler contended.

He represented the C&O in opening oral arguments before the full commission on the proposal to get control of the B&O in a stock exchange.

Wheeler emphasized that the deal—one share of C&O common stock for one share of B&O preferred or 1 share of B&O common—would be the first stage of a C&O plan to come before the commission later for approval of a full-fledged merger of the two railroads.

The C&O operates 5,154 miles of road serving coal fields of southern West Virginia and eastern Kentucky and handling other traffic in Virginia, Ohio, Indiana, Illinois, Michigan, the District of Columbia, western New York, and Ontario, Canada.

The B&O operates 5,874 miles in the same states, plus Maryland, Delaware, Pennsylvania and Missouri.

# One Town's Gain Is Another's Heartbreak

EDITOR'S NOTE—What is one community's gain often means heartbreak for another—when a factory relocates in a new territory. That is the story of the move of the Norge division of the Borg-Warner Corp. last year from Muskegon, Mich. to Fort Smith, Ark.

By JOHN R. STARR  
FORT SMITH, Ark. (AP)—The wedding of Borg-Warner Corp.'s huge Norge division and this one-time frontier city promises, after

# California Voters Eye Bitter Races

LOS ANGELES AP) — Three bitter races for Congress in one of the nation's largest metropolitan centers promise an intriguing test of current political leanings.

Seldom are voters' choices so sharp as in California's newly revamped 25th, 27th, and 29th congressional districts.

Republican or Democrat? Outspoken conservative or outspoken liberal? More government in Washington or less?

Those issues, clearly defined by the six candidates will provide tests of both the New Frontier and of the John Birch Society, controversial ultraconservative organization.

The contests match three stoutly conservative Republicans—members and defenders of the Birch Society and sharply critical of the Kennedy administration—against Democrats who support the New Frontier and attack what they call Birchism.

At stake are two Republican seats in the U.S. House of Representatives. The third seat is in a new district.

Both sides predict victory. The overwhelmingly Democratic California Legislature drew the districts for Democratic voter registration margins of 60 per cent and up.

Taking the races one by one: 25th District—Once represented in Congress by Richard M. Nixon, the district was re-drawn recently with 153,000 registered voters—98,000 Democrats, 55,000 Republicans. It is in the San Gabriel Valley.

At stake are two Republican seats in the U.S. House of Representatives. The third seat is in a new district.

physical contribution of jobs and an estimated \$10-million annual payroll.

"Norge's coming here was a tremendous thing for the prestige of our city," says Mayor Bob Brooksher. "It has caused other industries to come here."

Collier Wenderoth Jr., a poultry processing and feed executive who heads Fort Smith's aggressive Chamber of Commerce, says location of Borg-Warner here has created a new pride and enthusiasm among citizens.

Since Norge came, Fort Smith voters have approved a \$2.1-million bond issue for new schools and \$1.5 million for a civic auditorium by votes of 10 to 1.

The plant, dedicated Feb. 1, sprawls over 25 acres under one roof.

The massive task of retraining more than 2,000 factory workers is over. Of the 1,800 persons employed by Norge at Muskegon, 100 supervisory personnel and about 50 production workers made the move to Fort Smith. About 20 of these have returned to Michigan.

By EDWARD J. MARKAITY  
MUSKEGON, Mich. (AP)—"There must be some reason they won't hire us. I wish I knew what it is."

This is the frustration still echoed by a hard core of some 300 veteran workers seeking other employment here since their jobs were among 1,800 lost by the move of Borg-Warner Corp. Norge

division to Fort Smith, Ark.

Spokesman DeWayne Pickard, former vice president of Allied Industrial Workers Local 404 at the Norge plant is among those who haven't found work.

Norge offered a limited number of transfers to skilled personnel but had only about 50 takers. Most declined to move because of strong ties to this area and a willingness to take their chances on finding new jobs.

"I run into many others like myself," says Pickard. "Some tell me that if they knew circumstances would be such, they would have taken transfers."

Pickard, 52, represents workers who are up against the age barrier in seeking new employment.

Michigan Employment Security Commission branch spokesmen agree that placing older Norge workers has been a major problem. Recently the commission posted a call for foundry help. The age limit for prospective employees was 40.

Greater Muskegon was lifted this summer from the ranks of distressed employment areas. Security commission figures Aug. 9 showed unemployment down to about 4.3 per cent of the total work force.

Hiring by several other Muskegon industrial firms has taken up a sizable number of younger ex-Norge employees.

But it still is a long way from replacing Norge's annual payroll of \$9 to \$13 million and tax revenue of about \$214,000.

Life after 40  
By Robert Peterson  
Committee To Study Health Needs Of Age

During the harangue over health care for the aged the past year, this column urged that a committee of impartial, top-level citizens be appointed to study President Kennedy's Medicare plan and determine if it was socially and economically sound for our nation.

But no committee was appointed and the ensuing debate on health care for the aged descended into an emotional free-for-all vocalized by such biased groups as physicians, labor unions and the elders themselves.

Now that several weeks have passed since Medicare was defeated by four votes in the U. S. Senate, Sen. Jacob K. Javits (R-NY) has taken the initiative and has invited 12 prominent citizens to evaluate Medicare, along with other proposals, and make recommendations to the nation early next year.

With such fine, non-political minds on the committee as Dr. Arthur Flemming, president of the University of Oregon, Russell A. Nelson, of Johns Hopkins Hospital, and John C. Leslie, of Pan American Airways, we stand a good chance of getting an intelligent, unbiased appraisal of the best way to provide for the health needs of elder citizens.

A BILLION DOLLARS is a shadowy figure — and not particularly overpowering considering the size of the national debt and the proposed Federal budget of \$92 billion dollars for 1963.

But a billion begins to jolt the brain when you contemplate how long the missus would be gone if you gave her a billion and told her to run off somewhere and spent it at the rate of \$1,000 per day. She'd be gone 3,000 years!

GREAT MINDS often differ, as seen in the disparate geriatric views of two scholarly tycoons — Edward F. Hutton, ex-chairman

of General Foods and founder of a great brokerage house, and Owen D. Young, former chairman of General Electric and RCA. Both these stalwarts succumbed last summer at the ages of 86 and 87, respectively.

When I talked with Hutton a year or so ago he denounced mandatory retirement expressed his conviction that age invokes wisdom, and left no doubt that in his opinion elders have much to contribute to industry and society.

But Young too the opposing view and once said, "A man can be of maximum use only to his own generation. I really believe that there is more harm done by old men who cling to their influence than by young men who anticipate it."

Apparently Young tossed off as exceptions such global titans as Khushchev, 78, de Gaulle, 72, and Adenauer, 86.

THOMAS A. EDISON will never rate as patron saint among restaurateurs.

Wrote he, "People eat too much. It is like taking morphine, the more you take the more you want. People gorge themselves with rich food. They use up their time and ruin their digestions and poison themselves with excess foods. If doctors would prescribe diets instead of drugs many ailments of normal man would disappear."

# Dear Abby: Impasse In Girl's Shower

by Abigail Van Buren

DEAR ABBY: As a teacher of physical education I feel I must ask you not to bring up the "problem" of gang showers again. There is nothing wrong with girls showering together, and for you to side with one girl who felt "embarrassed" to shower with other girls has created a problem in our school. We cannot provide private showers, and only 20 out of my 400 girls object to gang showers. Showering after gym is vital for cleanliness and in order to be sure all girls shower I must give them a lower grade if they refuse.

PHYS. ED. TEACHER  
DEAR ABBY: I agree that showering after gym is necessary, but the issue was: Should girls be forced to strip and shower together—and if they refused for reasons of personal modesty or home training, should they be given a lower grade? I say there should be private showers for those girls who object to disrobing before other girls. If the school cannot provide facilities, no girl should be penalized for insisting on her right to personal privacy.

DEAR ABBY: My son-in-law has been in Germany with the Armed Forces for the past ten months. Last week my daughter had a lovely 8-pound baby boy.

AUCTION!  
Executors Sale  
168 Acre Suburban Farm  
(Sub Development Possibilities)  
And Personal Property  
Friday, October 26, 1962  
Beginning at 11:30 A.M.  
Located one mile west of Xenia on the Upper Bellbrook Pike in Greene County.  
168 Acre Farm Sells at 2 P.M.

This 168 acre farm is exceptionally well located and is considered to be in the best area for future Xenia growth and should be valuable from the standpoint of future subdevelopment. Has approximately 135 acres tillable and natural gas line through the center of the farm. In addition to the road frontage, a blacktop township road extends the depth of the farm along one side and through a portion of it. Also improved with complete set of modern buildings, including two modern homes.

IMPROVEMENTS: Main home consists of eight rooms and 1/2 bath down and four large bedrooms and full bath up. Has 32 ft. living room with large brick wood burning fireplace, dining room and den or family room, all with wall to wall carpet. Large modern kitchen with built-in cabinets, closed in back porch and nice front porch, partial basement with natural gas hot water furnace, lifetime asbestos shingle roof, in a beautiful setting with several shade trees. Second house is six room modern home with four rooms and bath down and two rooms up. New wall to wall carpet, natural gas forced air furnace, nice modern kitchen, front and back porches and partial basement. Water under pressure to both houses from good drilled well. Out buildings include main barn 46x54 with a 32x46 concrete floored attached hog barn, 20x28 machinery shed, combination driveway and corn crib. This farm is being sold to settle an estate. Very seldom a farm in this location is offered at public auction. Excellent drainage including several rods of new tile, water under pressure to all buildings, good gravel bank and with the natural gas, makes this an ideal farm for future development purposes.

INSPECTION: Permitted any time.  
TERMS: \$10,000.00 cash at time of sale, balance on delivery of deed within 30 days. This farm will carry a long term farm loan. For further information, contact The Bumgarner Company. Immediate possession of the farm and possession of the main house will be given March 1, 1963.

FARM MACHINERY: Oliver 77 gas tractor; Ferguson No. 30 tractor; Oliver pull type 2-14" breaking plow; Oliver 3 point hitch 2-14" plow; Ferguson 3 point cultivators; Oliver 3 point hitch corn planter, same as new; Oliver manure spreader; Oliver 3 point hitch 6 ft. mower; Oliver 16-7 grain drill; Oliver hay rake; disc cutter; cultipacker; rotary hoe; M-M one row corn picker; M-M 6 ft. combine. No. 69; McCurdy elevator; new wagon bed; spike tooth harrow; 4 cattle tanks; 4 hog fountains; 3 sleeper boxes; 2 hog feeders; 5 Mahaska farrowing pens; 3 farrowing pens; heat lamps; 20 ft. extension ladder; 2 tarpaulins; some miscellaneous lumber; and several other miscellaneous items, including hand tools.

HOGS: 10 Hampshire sows with pigs ranging from two to five weeks of age; 11 open gilts; 16 sows to farrow in December.

FEED: 24 acres of standing corn; 500 bales of clover hay; 600 bales good alfalfa hay; 600 bales of straw.

HOUSEHOLD GOODS & ANTIQUES: Several good pieces of antique furniture, including marble top stand, dining room table and buffet; Jenny Lind bed; marble top wash stand; several other stands and bases; antique bed with chest of drawers; large assortment of antique dishes; cider press; and many other miscellaneous items.

TERMS: Cash on personal property. Lunch will be served

## BPW Has Dinner Meeting Tuesday At Country Club

Members of the Civic Participation Committee were hostesses for the Business and Professional Women's Club dinner meeting held at the Country Club Tuesday night.

Miss Jean Everhart, president, introduced Mr. Marshall Boggs, superintendent of Washington C. H. public schools, to the members following the dinner hour. Mr. Boggs urged members to support the renewal of the 2-mill school levy, to be voted on at the Nov. 6 election.

Miss Christine Evans, co-chairman of the Civic Participation Committee, then introduced Mr. David Bezona, vocal instructor at Miami Trace High School, who sang an aria from "Elijah." "Yours Is My Heart Alone," "Sea Fever," and "Summertime." He was accompanied by Mrs. Ralph Yerian at the piano.

The guest speaker was Miss Helen McGrath, Springfield, employment supervisor of women for the Ohio Bell Telephone Co. She told the members of the direct distance dialing system which will be effective here Nov. 18.

"Girls of the Month" were two seniors from Washington High School, Carolyn Limes, daughter of Dr. and Mrs. W. H. Limes, and Karen Woodmansee, daughter of Dr. and Mrs. Robert Woodmansee.

Other guests of the club were Mrs. Billie Wilson, Mrs. Dorothy DeWitt, Mrs. Ernest Ravenhorst, Mrs. Kenneth Smith, Mrs. Lincoln Schwart, Mrs. Howard Zimmerman, Mrs. Betty Evans, Miss Karen Gault.

Miss Linda Woods, Mrs. Don Gibson, Mrs. Roy Hagler, Mrs. Richard Meyer, Mrs. Paul Dougherty, Mrs. Frank Jamison, Miss

Anna Varlas, Mrs. Edith Croker, Mrs. Martha Pierce, Miss Mary Anders, Miss Garnet Huston, Mr. Milbourne Fice, Mr. Marshall Boggs, Mr. and Mrs. Don Murdock, Miss Nancy Bonecutter, Miss Evelyn Collier, Miss McGrath and Mr. Bezona.

Members of the committee were Mrs. William Cook, Mrs. Martha Graves, Mrs. Urcel Hays, Mrs. Eddie Kirk, Mrs. Harold McCord, Mrs. Carolyn Mace, Mrs. Charles Mallow, Mrs. Robert Miller, Mrs. Donald Moore, Mrs. Clara Belle Patton and Mrs. Gladys Stitt, with Miss Evans and Miss Frances White as co-chairmen.

### Bible Class Meets At Burnett Home

Twelve members of the Shepherd's Bible Class, First Baptist Church, met at the home of Mr. and Mrs. Howard Burnett Sr. in Jeffersonville Tuesday night.

Opening devotions were given by Mrs. Marshall Boggs.

Projects for the coming months were discussed during the business meeting, conducted by the president, Mrs. Richard McLean.

A social hour, with the hosts assisted by Mrs. Louella Coil and Mrs. Lora Penwell in serving refreshments, concluded the evening.

### Party Compliments 18th Birthday

Dixie Sue Holland was complimented on her 18th birthday Monday when Shirley Morton and Karen Elzey entertained with a party at Community Park.

Games were played and Randy Miller, an amateur magician, performed several acts of magic.

Guests were: Mr. and Mrs. Frank Elzey, Mr. and Mrs. Tom Myer, Mary Grimm, Laverne and Barbara Merritt, Mrs. Sarah Myer, Donna Schneider, Tom Priest, Bill Cox, Steve Priest, Donnie Schaffer and Randy and Donnie Miller.

ROXANE COMBINES black wool with gray and white diagonal tweed for this daytime dress from Samuel Winston's collection. Diagonal tweed outlines the neckline and is repeated twice on the skirt. A matching stole, edged and lined with tweed, adds a "muffled" look to the costume.

### Mrs. Castaneda Speaks To Delta Kappa Gamma Members

Mrs. Concha Castaneda, a native of Cuba, spoke to members of Alpha Delta chapter of Delta Kappa Gamma when they met at the home of Mrs. Robert Jefferson, Monday night.

Mrs. Castaneda is a native of Cuba, a graduate of Earlham College, Richmond, Ind., and the University of Havana, Cuba. She spent a year as an exchange teacher in Ottumwa, Iowa, and is now an instructor at Wilmington College.

The speaker told of the changes in Cuban society since Fidel Castro declared Cuba a socialist country. Slashing at the heart of Cuban society, the Socialist regime has cut away all but one newspaper, one television and one radio program, she said. All of these are government controlled.

Textbooks in the schools have disappeared and have been replaced by very inexpensive Communist-written books which are abundant in the government-controlled schools where 2,000 teachers have resigned because of the Communist teachings, the speaker pointed out.

Mrs. Castaneda stated that 300 priests have been arrested and sent to Spain, and that while people may go to church to offer prayer, there are no set services. She also spoke of the fear of the G 2's, a youthful secret police group, which permeates all classes of society.

Continuing her story of the plight of the Cuban people, Mrs. Castaneda explained the rationing that has been imposed during the past four months. She said the budget of \$9.09 permits the purchase of five eggs, three pounds of potatoes, one pound of grease, 1/2 pound of butter, one chicken, 1/2 pound of fish each 15 days, 3/4 pound of meat weekly, six pounds of rice, one quart of milk daily for children under seven years of age, one bar of bath soap and one small box of detergent. Although crops grow the year around in Cuba, the food problem is great due to the failure of the cooperative farming program and because all foodstuffs are sold to the Institute of National Agrarian Reform, headed by a Communist, she said.

Mrs. Castaneda's forceful description of the power and spread of Communist control in Cuba intensified the concern of her audience over the crisis in the Western Hemisphere.

Arrangements for Mrs. Castaneda's talk were made by Mrs. Leonard Watts and Mrs. Mary Foster.

Miss Margaret Gibson read "A

### BPO Does Plan Dinner Meeting

Plans for a birthday dinner were made when members of the BPO Does met at the Elks Home Tuesday night. The affair will be held at 6:30 p. m., Nov. 1, at the Terrace Lounge.

Mrs. D. D. Weinrich, president, conducted the business meeting. The treasurer's and secretary's reports were given by Mrs. John Fisher.

The members decided to sell Christmas cards as a money-making project. A discussion was held on a charity project for the holiday season.

After the meeting, pie, candies and coffee were served by Mrs. Charles M. Fuels.

Cats, cattle, swine and horses, as well as dogs, have been known to suffer from rabies.

## Sabina News

BY MRS. HAZEL COMBS

### JUNIOR MYF MEETING

The Junior MYF met at the Methodist church Sunday evening from 6 p. m. until 7 p. m. The worship service, led by Brenda Barber, followed games. There were 27 persons present.

### PERSONALS

Mr. and Mrs. Leslie Johnson attended the wedding of their granddaughter, Miss Barbara Fowler, daughter of Mr. and Mrs. Delbert Fowler, and Mr. Ronald Heinz, son of Mr. and Mrs. Floyd Heinz, both of Jamestown, at the Jamestown Methodist church Friday evening.

Mrs. Ethel Ray and Mrs. Margaret Ray and daughter, Carolyn, visited Sunday with Mr. and Mrs. Ray Burch and children, Glenn, Melvin, Marilyn and Melba, of near Milford.

Mrs. Onia Smith, Bowersville, and Mrs. Ruth Fenner were Sunday dinner guests of Mr. and Mrs. Charles G. Glass, Monday afternoon callers at the Glass home were Mrs. E. C. McVey, Lees Creek, and Mrs. Ethel Glass, Washington C. H.

### WLW Asks More Power

WASHINGTON (AP) — Radio station WLW in Cincinnati has applied to the Communications Commission for authority to increase its power 15-fold. Its present 50-kilowatt output would be boosted to 750 kilowatts.

In composition, coins issued 2,000 years ago by the Bactrian peoples of ancient Asia are not unlike the present United States five-cent piece.

## Halloween Party At Campbells

Gay decorations of Halloween were used in the home of Mr. and Mrs. Harry H. Campbell when they entertained members of the adult class of Sugar Creek Baptist Church at their home for a masquerade party and meeting.

Reports were given and project plans discussed during the business meeting, conducted by the president, Mr. Walter Henk. Plans were made for the Christmas party, Dec. 9, to be held at the home of Mr. and Mrs. Robert James. This will be the next meeting.

Games were enjoyed during the evening and refreshments further carrying out the Halloween theme were served by the hosts, assisted by Mr. and Mrs. J. W. Wallace and Mr. and Mrs. Gene Donohoe.

Present for the enjoyable evening were: Mr. and Mrs. Orley Varney Jr., Mr. and Mrs. Larry Carman, Mr. and Mrs. Jack DeWeese, Mr. and Mrs. James, the Rev. and Mrs. Paul Minnich, Mr. and Mrs. Henk.

Mrs. Lester Jordan, Mrs. Robert Goodson, Bobby and Kenny Goodson, Diana, Tana and Linda Varney, Roger and Robin Donohoe and Mickey and Nancy Campbell.

## Epsilon CCL Has Supper Party

Mr. and Mrs. Maynard Wilson were hosts Tuesday evening to members of Epsilon, Child Conservation League, and their husbands for a party.

A covered dish supper was served buffet style, with the guests finding their places at small tables.

The playing of "squirrel" bridge occupied the remainder of the evening, with prizes going to Mrs. Ned Abbott and Mr. Wilbur Hoppes.

Members and their husbands attending were Dr. and Mrs. Ned Abbott, Mr. and Mrs. George Arnold, Mr. and Mrs. David Moore, Mr. and Mrs. Hoppes, Mr. and Mrs. Robert Hawk, Mr. and Mrs. L. M. Hartman, Mr. and Mrs. Gene Alkire and Mr. and Mrs. Ralph Penwell.

Guests were Mr. and Mrs. John Steinberger and Mr. and Mrs. Fred St. Clair.

## Ex-West Virginia Governor Dies

HUNTINGTON, W. Va. (AP)—Dr. Henry D. Hatfield, former West Virginia governor and U.S. Senator, died at his home Tuesday. He was 87.

Dr. Hatfield received his medical degree in 1894 at the age of 19 and began practice in McDowell County, W. Va. Well past his 80th birthday he kept regular office hours to see his patients.

Dr. Hatfield was elected governor of West Virginia in 1912. He served in the U.S. Senate from 1929 through 1934.

# Round about Fayette County

By B. E. KELLEY

In the early days in this community, many residents did not go to the streams to catch fish. In dozens of places there were sizeable ponds and small lakes, farmed over for 75 to 100 years, which abounded in fish.

Fayette County was anything but a desirable place in which to live until a great deal of drainage work was done.

Most of the lowland was swampy and in many there were ponds at all times.

Even in the recollection of some of the older residents these ponds existed, and many people still living have heard their ancestors tell of farmer fish ponds which covered areas which have produced crops for a half century and more.

One of these ponds was known as "Flag Pond." It was on the former William J. Selsor farm, now the Cannon Farm, 1 1/2 miles southeast of Yatesville.

This pond originally covered two or three acres and was a favorite place for shooting deer which came there to drink and eat the succulent vegetation.

When I first knew the pond as a boy, it had been drained for many years. I was told that to drain it, a tile ditch was laid 13 feet below the surface at one point.

There were periwinkle shells in the low ground, and I picked up many leaden bullets which apparently had been fired at deer.

It was an easy matter to find the bullets which were covered with a layer of white corrosion. The soil was very black and highly productive.

For many years we farmed over "Flag Pond," and the corps were always just a little better there than on the surrounding ground.

On the same farm, in low ground 500 yards from our home, was a patch of small blue stem grass so dense that nothing could grow in it. It always was a favorite hiding place for rabbits, quail and pheasants.

Year after year this grass grew three to four feet tall, but the heads were very small and not

too abundant. Even after the area was drained the grass continued to grow until the woods surrounding it on three sides were cleared out and the grass plowed under, with difficulty, and finally killed.

So far as I know it was the last sizeable piece of small blue stem grass left in Fayette County.

## HUGE GAS DELIVERY

At the present time Texas Eastern Transmission Corp., owner of three big gas mains crossing Fayette County and now engaged in building a fourth one, is authorized to deliver up to 2.49 billion cubic feet of gas daily.

In addition to this, the company has asked the Federal Power Commission for authority to expand its natural gas pipeline system delivery to increase the capacity by 40 million cubic feet per day.

To do this \$14.8 million is being expended on new pipelines in Mississippi and N. J., including three new metering and regulating stations.

The company now has in service more than 7,000 miles of natural gas pipelines from the Mexican border to the Eastern Seaboard.

It requires 66 compressor stations with motive force of 850,000 horse power to deliver the present distribution of gas.

## THIRTY YEARS AGO

The Milton Katz Clothing Co. was reorganized with Oil Sever a member of the firm. The Katz store had been here 46 years. It was operated for many years by Leo Katz.

Thieves broke into the Methodist Church near Austin and stole \$50 worth of carpeting.

Thousands of bushels of apples were being trucked through here from the hill counties for market in Northwestern Ohio.

Frank Turner, resident state Engineer, had mapped an extensive road and bridge building program for the coming year.

N. S. Barnett, who operated a grocery store here for 54 years, died at his home on North St.

The Fayette County Farm Bureau held its annual meeting with A. F. Ervin elected president.

E. O. Carson was chosen vice president, and Charles C. McCoy, secretary.

Mrs. Faye Pinkerton, 57, was killed and several others injured when a car driven by A. A. Trekle, Columbus, crashed into their car on the CCC Highway at Thompson's corner east of Bloomingburg.

Trekle was facing a manslaughter charge.

The Taxpayers Association of Fayette County adopted a resolution asking that in the interests of economy the Common Pleas and

Probate Courts of the county be merged.

Definite steps were taken toward reorganization of The Washington Savings Bank, and indications were the institution, closed some time ago, would be reopened soon.

Most of the property stolen from the Gussard Jewelry Store by three local men was recovered when one of them was arrested and led officers to where he had hidden the loot.

Isaac Roush, 83, farmer of near Yatesville, died after a long illness.

President Hoover announced if other nations did not join in reduction of armaments, the U. S. would proceed to build the largest navy in the world.

The heaviest rainfall in many weeks ended the long drought here

# Halloween Celebration Plans Being Completed

Although the annual Halloween parade and celebration at Gardner Park are still a week away, plans for the event are being completed by the Washington C. H. Junior Chamber of Commerce.

The festivities will get under way at 7:30 p. m. next Wednesday, Oct. 31 at Washington High School where the parade will flow.

The parade route will be south on North St. to Court St., then west to Main St. and south over Main St. to Circle Ave. and to the main gate of the Gardner Park Stadium.

The parade will be led by a city police cruiser and the Fire Department's new pumper. Also in the line of march will be two bands, the Washington High School cadet and junior bands, to provide the cadence for the marchers.

More than 500 ghosts, hobgoblins, witches, hoboos, pretty little girls in frilly dresses and little boys in full dress costumes with masks to match are expected to parade from the high school to the park.

Kiddies along the line of march

watching the parade will be given candy by the Jaycees, who have made plans for treats for nearly 2,000. The candy for them and those who take part in the celebration will be bought with the money that went for the pie-eating contest in previous years.

IN THE STADIUM there will be games and stunts for the youngsters, but the highlight of the evening will be the judging of the costumes in the five categories: (1) best couple or group, (2) funniest, (3) prettiest, (4) ugliest and (5) most original.

Winners in each group will receive \$5, those placing second \$2 and third place \$1. All the youngsters in the parade will receive candy treats.

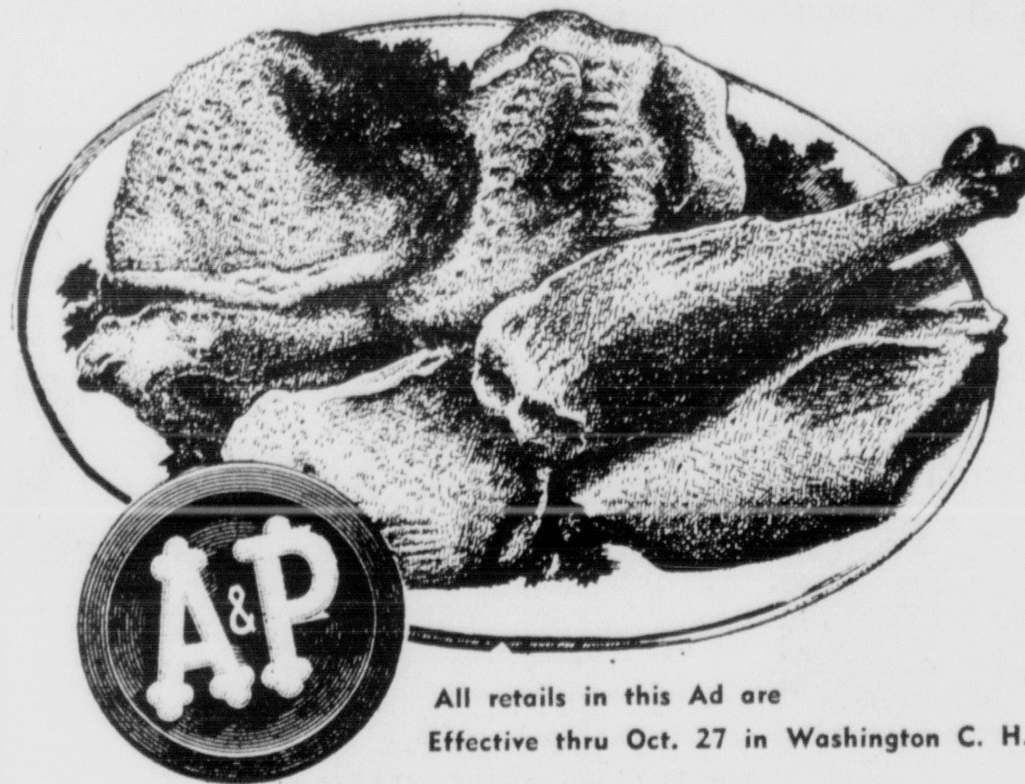

Russell Spaulding will make a short talk over the public address system, probably announce the selections by the judges and describe the prize winners' costumes.

David Adams is president of the Jaycees and Donald Dunn and Gary Thompson head the Halloween general committee.

NEW CAR FOR HOSPITAL USE—Ralph Hickman, Washington C. H. Chrysler-Plymouth-Valliant dealer, presents the keys to a red 1963 Valliant station wagon which he donated this week to Fayette Memorial Hospital. Accepting the keys on behalf of the hospital staff is Miss Christene Evans, administrator. The car will be used for the next year for transportation on business calls by hospital employees.

## Methodists To Hear Missionaries Sunday

The Rev. and Mrs. George Gardner, missionaries to India for many years, will tell of some of their experiences and accomplishments of the missionary program there following the second of three Fellowship Suppers in Grace Methodist Church Sunday evening.

During the time Grace Church here was being rebuilt following the fire, members of the church contributed to the fund to establish a Methodist Church and build a new house of worship in India under the supervision of the Rev. Mr. Gardner at Zaheerabad where the Rev. and Mrs. Gardner were principal and vice principal of a Methodist rural school.

The Rev. Mr. Gardner will show pictures of this church and the results of other missionary work in India to the gathering here Sunday while Mrs. Gardner is talking to the children following the potluck supper at 5:30 p.m. in Fellowship Hall.

The meeting will be from 6:30 until 7:30 p.m.

DR. VERN R. CAHILL

## Kiwanians To Hear Animal Scientist

A program of special interest to farm-minded Fayette Countians has been arranged for next Monday night's meeting of the Washington C. H. Kiwanis Club by Louis Kuhlwein, committee chairman.

The principal speaker will be Dr. Vern R. Cahill, a professor in the animal science department of Ohio State University.

A native of Crawford County, he holds three degrees from Ohio State University in 1941-42-55. After four years with the Army in the South Pacific during World War II, Dr. Cahill joined the university faculty.

He was chairman of the National Meat Conference, a national organization of college and government teachers and researchers, in 1957-58.

He has written several articles on meat quality and carcass yield, which have been published in agricultural journals.

## Slides To Be Shown At Revival Meeting

The Rev. James R. Thompson, pastor of the Auburndale, Fla., Baptist Church, will show color slides he made during his 22-day mission trip through South America at the Immanuel Baptist Church's revival service in the Merritt Implement Co. building, 276 Oakland Ave., Thursday night, the Rev. Jim G. Henry, pastor, announced.

The Rev. Mr. Thompson is conducting this week's series of revival services for the Immanuel Baptist Church. All services start at 7:30 p.m.

During his mission tour, the Rev. Mr. Thompson was in Brazil, Chile, Argentina, Peru, Bolivia, Venezuela and Panama, but he spent most time at a mission in the interior of Brazil.

Tin is malleable and can be rolled, pressed or hammered into extremely thin tin foil sheets.

## Klumpff Case Becomes Ohio Campaign Issue

CINCINNATI (AP)—The Edythe Klumpff murder case has been brought up as an issue in the Nov. 6 general election.

John Brown of Medina, Republican candidate for lieutenant governor, said Monday Gov. Michael V. DiSalle's actions in the case were "another glaring example" of the Democratic governor's indecision.

"Evidently he has changed his mind because, if in his opinion she's not guilty, why hasn't she been released?" asked Brown.

## TODAY In History

By THE ASSOCIATED PRESS  
Today is Wednesday, Oct. 24th, the 297th day of 1962. There are 68 days left in the year. Today is United Nations Day.

Today's highlight in history: On this day in 1945, Secretary of State James Byrnes signed the United Nations Charter. On this same date in 1949, U.N. Secretary-General Trygve Lie laid the cornerstone of the permanent U.N. headquarters in New York City.

On this date: In 1603, James I was proclaimed king of England, Scotland, France and Ireland.

In 1848, Samuel F.B. Morse was awarded a patent for his telegraph.

In 1931, the George Washington Bridge across the Hudson River, linking New York and New Jersey, was opened to the public.

In 1945, Gen. Douglas MacArthur ordered a free and independent press in Japan.

In 1951, President Truman formally proclaimed the end of the war between the United States and Germany.

Former major league baseball manager Ossie Bluege is 62.

Thought for today: We are none of us infallible—not even the youngest of us—William Thompson.

## Mother Of 4 Tries Fetching Speed Curb

LONDON (AP)—Anne MacDonald, a shapely mother of four, became a roadside vamp to slow down fast drivers.

In fetching halter top and figure-hugging jeans, she tool up her stand outside the village of Graveley on the busy Great North Road.

Then she wiggled her hips and gave the hitch-hiking thumb sign to every passing motorist.

When truck drivers pulled up to offer her a lift, Mrs. MacDonald, 31, smiled sweetly and said: "Thank you for stopping. I do hope you will observe the speed limit through our village."

Mrs. MacDonald said she had written six times to the Transport Ministry asking that it do something about the many drivers who ignored the village's 30-mile-an-hour speed limit.

"I saw drivers whistling at pretty girls in the village and that gave me a new idea," she said. Mrs. MacDonald now has abandoned her vamp technique.

## 12-Point Prison Program Offered

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle, Democratic candidate for re-election, came out today with a 12-point prison-correction program aimed, he said, at helping Ohio "achieve a safer society instead of continuing to specialize in failures."

The governor said the program contains essentially the same suggested improvements in facilities and personnel he sought in asking the 1961 legislature to budget an additional \$12 million.

DiSalle listed 12 points he termed "the needs for a beginning in modernizing our correctional program":

1. A minimum of 70 new positions consisting of teachers, social workers, psychologists, vocational instructors and the necessary number of additional correctional workers to provide for implementation of an expanded educational and vocational training program.

2. Modernizing various institutional work shops.

3. Diversifying the program of the Ohio Penal Industries in order that more training could be directed toward those industries in need of certain scarce skills in Ohio.

4. A program providing for a readjustment process which will involve purposeful restitution to injured parties insofar as possible, as well as a systematic and constructive reacceptance of the offender into the community.

5. An increase in the number of guards and an increase in guard classification in order that there might be included some training in sociology and psychology.

6. A reduction in the number of cases requiring supervision by parole officers, in order that the probation and parole program can have the benefit of more frequent personal contact and more time to assist individuals who have been released in meeting the problems of employment and adjustment.

7. Realization that the prison can be a laboratory in human behavior and a place of intensified research where much can be learned about development of antisocial tendencies and methods of improving these attitudes.

8. An attempt to make use of the spare time of the inmate capable of assimilating knowledge by trying to give an understanding and insight into the reasons

done her vamp technique. "The drivers were all as nasty as possible," she said. "I'm shocked."

"It would take the type of language used by truck drivers to describe my opinion of them."

## Lutheran Meeting Is Sunday Evening

THE REV. KAY M. GLAESNER

Following the Every Member Visitation and Stewardship meeting of Good Shepherd Lutheran Church Sunday evening in the Farm Bureau auditorium, the Rev. Kay M. Glaesner will give the Lutherans a message of encouragement in their successful efforts to build their own house of worship here.

The Rev. Mr. Glaesner, pastor of St. John's Evangelical Lutheran Church in Springfield, has been active in the field of mental health and aerospace sciences and has toured Europe, North Africa, the Orient and Near East.

Besides his humanitarian and scientific interests, the Rev. Mr. Glaesner has strengthened the congregation of his own church and built it up to 1,800 members.

He also has received three Freedom Awards for outstanding sermons on the American Way of Life. The last was made last February for a sermon on "From Musket To Rocket."

The stewardship meeting will follow a potluck dinner at 6 p.m. which will mark the third anniversary of the founding of the church here.

Topping the agenda of the meeting will be the 1963 operating budget, which will be submitted by the finance committee, headed by Robert Linder.

Dr. Ralph Gebhart is the general chairman of the stewardship meeting and Robert Barber is chairman of the Every Member Visitation. The program committee is composed of Richard Kilian, Dr. Don Pfeiderer, Roy Coe Jr. and William McKinnon. Mrs. Maurice Farmer heads the dinner committee.

Mrs. Lloyd Fennig will lead the singing and Mrs. Joseph Rada,baugh will be the accompanist.

The Rev. Joseph N. Radabaugh is the pastor.

## TV Viewing

By CYNTHIA LOWRY  
AP Television-Radio Writer  
NEW YORK (AP) — Network television and radio is doing a responsible, carefully restrained job of keeping the American public informed during the crisis over Cuba.

There has been no relaxation in coverage since the President's broadcast address Monday night. A constant stream of special news reports, programs and bulletins which have interrupted entertainment programs have kept us up to the minute. Some of the bulletins did not report new developments but were welcome reassurance that nothing new had occurred.

Television had its cameras on the meeting of the United Nations Security Council, the session of the Organization of American States and on the facade of the White House. From points where television could not set up cameras, it brought in the voice reports of its correspondents.

The correspondents stuck close to the facts, refraining from theory or prediction. They were uniformly serious, concerned and, thankfully, calm.

There must be some dancing in the corridors today at CBS. The authoritative Nielsen ratings, estimating audience sizes, were released Tuesday—with "The Lucy Show" in the No. 1 position.

What's more, in Nielsen's list of the top 10 weekly shows actually 11 because of a tie in ratings—CBS had seven; NBC, three, and ABC, one.

Next to the phenomenally suc-

## Letters To The Editor

EDITOR'S NOTE — We welcome letters to the editor. They must be signed by the writer with a complete return address. However, the name and address will not be used in the published letter upon request of the writer. Opinions expressed in this column are those of the writers and not necessarily those of The Record-Herald.

EDITOR, RECORD-HERALD:

I think it is time someone spoke up in behalf of the Lions coach. Mr. Helmick was quoted as a winner never quits and a quitter never wins. Maybe these boys had already quit as far as team work and attitude.

The Lions' Miami Trace game left no doubt in my mind that the team was doing a better job than before.

I am sure when these boys leave school and are on their own in a job, if they do not show their proper concern and contribute something they will not be coddled and carried along.

The people that are up in arms now on the boys' side would probably be the first to criticize if the coach lost too many games.

It is no wonder coaches turn from coaching to some other phase of teaching or profession or leave the community.

I think the Lions coach should be commended for his conduct on the field at all games. We may not agree with all the referees' decisions but he acts like a gentleman and sets a good example for the fans.

Rural Football Fan

EDITOR, RECORD-HERALD:

In a spirit of public interest and pride, attention is called to the ill-kempt condition of the grounds in front of the Fayette County Historical Museum where Washington Ave. and Columbus Ave. merge to form E. Court St.

This triangular plot, with the antique architecture of the building as a backdrop, could easily become a beauty spot in our community and a pleasant sight both

to all residents and to visitors passing through.

Several half-hearted attempts were made to put it in grass, but it has been allowed to grow up in unsightly and unmowed weeds. Here is a project for one or more of the numerous garden clubs of the county; grass can still be started this fall and a circular bed of chrysanthemums would look good.

Going on out farther on Columbus Ave. to the Old Eastside school tract, it will be noticed that nothing has been done to cover up the remains of the building foundation; broken glass and other rubble is all over the place. It is not even a safe place for boys to play, as well as being unsightly.

True the grass has been mowed in the point with Willard St., but the remaining grounds are bad.

Whatever the plans of the school administration may be for its future use, surely some clean-up and landscaping is called for. A prominent industrial leader of this community said his company takes notice of parks and beauty spots when selecting a community for a new industry.

Civic-minded

EDITOR, RECORD-HERALD:

A lot of people have made the remark to me "Why did they tear down the filling station at the point of Washington Ave. and Columbus Ave."

I've asked myself the same question many times, as it is and has been for some time a weed patch. It looks like a spot left over from when Washington was settled.

Wayne Carnival Plans Completed

GOOD HOPE — Arrangements for the annual Halloween carnival in the Wayne school gymnasium Saturday night were completed in full this week by members of the Parent-Teacher Organization.

The evening's program begins at 7 p.m. For the children, there will be a variety of carnival games. Cake walks will be an adult feature.

Sandwiches, candy and soft drinks can be purchased during the evening.

Music is to be provided by The Cavaliers, a four-piece combo of high school boys.

EASIEST oven to clean you've ever seen!

Letters of invitation are being sent this week to members of the chapter, Judge Dice, who heads the committee on arrangements, said reservations should be made no later than next Tuesday.

In his letter to Judge Dice confirming the Nov. 2 date, Dr. Anderson said his talk "should take no longer than 30 minutes."

A past president general of the National Society probably will be among several distinguished guests from other Ohio cities at the dinner, Charles A. Jones, Columbus, who headed the national society two years ago, wrote Judge Dice that he and Mrs. Jones and probably the president of the Ohio Society and several members of the Columbus chapter are planning to attend.

Dr. Anderson, a practicing urologist in Warren, served in the South Pacific, Philippines and Japan during World War II. Several military service awards include the Bronze Arrowhead and four Battle Stars.

and will preside at the after-dinner program of the coming meeting.

# AP Guesspert Picks OS To Top Badgers

Texas, Alabama Get Nod For Victories In Tilts Saturday

By HAROLD CLAASSEN  
NEW YORK (AP) — Reverting to the blindfold and lucky stab method of picking college football winners after missing on 13 of 56 games last week, that's an average of .786 and pulled the season's totals down to 197-72 for '791.

Texas over Rice: The Longhorns haven't lost and the Owls haven't won this season.

Alabama over Tulsa: Joe Namath must be one of the best collegiate passers in the country today.

Northwestern over Notre Dame: Notre Dame is powerful, strong and slow. Northwestern is powerful, strong and fast.

Southern California over Illinois: The Illini have taken their lumps all season but nothing to those they will get trying to stop Trojan fullback Ben Wilson.

Ohio State over Wisconsin: Wisconsin has a great passing attack but Ohio State has Paul Warfield, a great defender against passes. The Badgers haven't won at Columbus since grandpa watched in 1918.

Louisiana State over Florida: The Louisiana Tigers have Jerry Stovall.

Washington over Oregon: But the Huskies will be too busy to think about next weekend's encounter with Southern California which decides the coast title and the Rose Bowl designation.

Arkansas over Hardin Simons: The Texans have won but once in three years.

Michigan State over Indiana: Saimes, Lewis and Rubick give the Michigan State Spartans a real triple threat over the bench-press Hoosiers.

Mississippi over Vanderbilt: They are playing this one in Memphis to spare the feelings of the Commodore followers.

Auburn over Clemson: The sophomore Auburn team came of age in last week's triumph over Georgia Tech.

Penn State over California: California switched to the wing T this year but continues to fly in the wrong direction.

# Panthers Face Toughest Test Yet With Indians Here Friday

No matter what the outcome, Coach Dan O'Brien's Miami Trace Panthers anticipate a "severe test, both defensively and offensively," as they file their claws in practice this week for a lunge at the once-beaten second place Hillsboro Indians Friday night in Miami Trace stadium.

And when the scrap is over, the Panthers hope the Highland Counties will thereafter be known throughout the South Central Ohio League area as "the twice-beaten Indians."

In the eighth game of the 1962 schedule for both teams — the fifth in SCO play — the Hillsboroans have slightly better records. Before their 35-8 beating last week in Circleville, no SCO team had scored a point against them, evidence of stoutness of their bulky defense — heaviest in the league. Including non-league action, the Indians possess a 5-1-1 overall slate.

From what knowledge O'Brien has been able to gather concerning the Indians' potential, he's taught the Panthers to realize they're in for perhaps their roughest battle thus far, and if they expect to remain in the running they'll have to play hard to win. Furthermore the Indians will be seeking revenge for the 50-0 thumping the Panthers dealt them last year.

IN MOST of their past seven games, the Indians have stuck to a 5-3 defense and O'Brien said "Hillsboro has the biggest team in the loop, so we probably won't be able to power them." As an example of the defensive bulwark of the Indians, the middle guard weighs in at 265 pounds and two tackles at 240 and 230 pounds.

"On offense," says O'Brien, "we'll be on guard against a dangerous quarterback and halfbacks Meddock and Dent."

So it's going to be rough, but the Panthers are looking on the bright side of things. They're in "excellent shape physically and mentally," O'Brien commented, "and that in itself is half the battle."

"I feel confident our boys will give them all in this one, their last home game of the season. It will be the last time our seniors will get to play on the new field. One thing I'm sure of — if we ever get a night when both our defense and offense click smoothly, some team is in for it, and we sure hope it will be Hillsboro."

O'Brien also pointed out that some retraining will be in order for the Hillsboro game, particularly in his backfield, but again he added there are "absolutely no guarantees on the starting positions."

The Panther squad this year includes a lot of sophomores, and they've been lauded by their coach for outstanding performances in nearly every game. O'Brien, however, did mention that he believes the few seniors on the team "have been giving a lot of encouragement to the sophs and helping compensate for the mistakes they make."

Two Panthers are out for the remainder of the season, and both will be missed. Senior Joe Palmer, 205 pound fullback, who suffered a knee injury in the

Greenfield game, is one. The other is defensive tackle Hugh Lukinious, a 230-lb. sophomore, who also sustained a knee injury, in the Washington C. H. game.

One other regular, senior Larry Conley, will probably miss Friday's action, O'Brien said, because of a pulled groin muscle. It was because of this that he did not dress for the Washington C. H. game last week.

One mistake the Panthers made

in the Lion game, which they hope will not plague them again this week is fumbles, O'Brien pointed out. "We simply can't afford to give the ball away this time. Fumbling a lot not only cuts down a team's chances of winning, but it also tends to demoralize it."

So, the Panthers know they are facing a battle, but they're prepared for it. Some changes will definitely be made, both in lineups and in type of plays.

## Sport Sidelights

Willie Shoemaker (left) and Bill Hartack

By WALTER L. JOHNS  
(Central Press Association)

The new old master of the tracks, Willie Shoemaker, is heading toward another jockey championship, which would be his sixth, and his old nemesis, Bill Hartack, is giving him the toughest fight for the honors.

Hartack, who has been riding on Chicago tracks, now is in New York to give Willie a race — for a bid for the title which Hartack has won four times, but hasn't been a titleholder since 1960.

Shoemaker is nearly a couple of dozen wins ahead of Hartack, and continues to add to his total every day, nearing the 300 mark, which has been reached by the

winning jockey every year since 1949.

The two "Willies" — Hartack wants to be called "Bill" — have dominated the jockey parade since 1952, with the exception of last year, although Shoemaker never has been worse than second in the last 13 years.

With Eddie Arcaro retired, Shoemaker rates as the "Crown Prince" of racing.

His career has been even more spectacular than that of Arcaro, or Johnny Longden, the old gaffer time winners and is still riding. Shoemaker, a native of Fabens, Tex., is 31 years old and rode his first winner on April 20, 1949, at Golden Gate Fields in California.

He won his first jockey title in 1950 when he tied Joe Culmone with 388 winners.

It took Willie just seven seasons to reach the 2,500-win mark. This is remarkable when one considers that Longden didn't reach this mark until 20 years after he started riding, Arcaro, Johnny Adams and Steve Brooks required 18 years to hit that mark and Ted Atkinson was around 15 seasons before he won his 2,500th.

At the moment Shoemaker is nearing the 4,500th winner of his career, and he thus ranks third behind Longden and Arcaro.

In purses won he's second to Arcaro with more than \$25,000,000 brought in with his mounts.

Hartack, who came out of West Virginia and won his first jockey title in 1955, then repeated in 1956-57 and won again in 1960, will be 30 years old December 9.

Reed demanded and is getting a written apology from Hayes for making public statements in which the Buckeye coach criticized officiating in Ohio State's 18-14 loss to Northwestern Saturday.

Hayes showed films of the game on a television program in Columbus Sunday and three times repeated one phase of the film in which he contended an official had made an error in calling pass interference.

Hayes later was quoted as saying, "We were cheated out of a touchdown. We didn't get quite a fair shake from the officials."

"I consider all this very distressing," said Reed. "We always back up officials' judgement. They must make split second decisions and we consider such public statements as Hayes' as undermining this effort."

In Columbus, Ohio, Hayes said he had complied with Reed's demand for an apology.

"What the commissioner wants," Hayes said, "he gets."

# Grid Violence Said Declining

All But Deep South Call For Striffer Penalties

NEW YORK (AP)—Most of the college football coaches around the country—with the possible exception of those in the Southern Conference—have gotten the message from the NCAA rules committee with the result that there is less violence on the field this year.

An Associated Press survey showed today that the three-pronged campaign started last month by the NCAA Football Rules Committee, Coaches' Association and Commissioners' Association has brought about a marked improvement in conduct on the field.

In the Southern Conference, though, the league office was forced to start a campaign of its own two weeks ago—fearing that there was too much violence on the field for the safety of the players.

Since the anti-violence edict went into effect in the conference, officials have stepped off 1,052 yards in penalties in seven games—an average of 150.3 per game. Last Saturday, in three conference games, a total of 609 yards in penalties was assessed, an average of more than 200 a game.

Said Executive Officer Tom Hamilton of the Big Six on the West Coast:

"Before the season started, we warned coaches, athletic directors and officials that strict penalties would be assessed for excessive roughness, especially piling on."

"My observation is that there has been far less piling on, not so much because of the penalties inflicted, but because coaches took care of the situation."

In the Big Ten, a spokesman said officials had been instructed to call personal fouls early in all games to set the pattern, and get the game under control.

Jim Weaver, Atlantic Coast Conference Commissioner, said his league has had no trouble for the past couple of years. He pointed out that AAC officials were instructed last August—even before the NCAA campaign—to call an automatic 15-yard piling-on penalty in any case where a player is hit late.

Howard Grubbs, secretary of the Southwest Conference, said strict calling of fouls for rough play has been emphasized to officials, coaches and players with the result that there have been fewer penalties called for rough play.

## Fullmer Loses Middle Title

SAN FRANCISCO (AP) — The long reign of Gene Fullmer as king of the World Boxing Association middleweight division was over today, terminated by a mauler and brawler much in the same mold as the Utah strong boy.

The new ruler is Dick Tiger of Nigeria, the British Empire champion of the 160-pounders, who won the title by unanimous decision Tuesday night in 15 rough, bruising rounds before a crowd of 11,600 in Candlestick Park.

There was blood, as is usual with a Fullmer fight, but no knockdowns. There was drama, as a host of Tiger's countrymen, resplendent in the flowing robes of their native land, swarmed into the ring and hoisted their idol to their shoulders.

Fullmer, unbeaten in 17 straight ring engagements, met defeat in the eighth defense of the crown he had won in his same city by a 14-round knockout over Carmen Basilio Aug. 28, 1959.

Fullmer will meet the 33-year-old Nigerian again Jan. 19 in either the Bozeman, Mont., or Las Vegas, Nev.

## SPORTS

The Record-Herald Wednesday, Oct. 24, 1962 13  
Washington C. H., Ohio

## Ohio-Born Passer Is Star Of Hot Northwestern Team

EVANSTON, Ill. (AP)—Sophomore Tom Myers of Northwestern is such a brilliant passer that two coaches junked their football of fenses and built new ones around him with great success.

When Myers was a freshman at Troy, Ohio, High School, Bob Ferguson was a senior. Ferguson went on to become an All-American fullback at Ohio State. When he graduated from Troy, coach Lou Juilliat switched from the grind-em-out ground attack to an aerial game tailored for Myers.

Myers completed 73 touchdown passes at Troy, 32 in his senior year.

Northwestern coach Ara Parseghian, a native of Akron whose recruiting ties in Ohio were formed when he was mentor at Miami of Ohio, had Myers well scouted at Troy. Parseghian plucked him from the clutches of a dozen or so other college coaches.

This season, with a rebuilt offense, the Wildcats are unbeaten, lead the nation's major colleges in passing with an average of 230.3 yards a game and are ranked No. 3 in The Associated Press poll.

The 6-foot, 183-pound Myers, a business education student, has hit on 61 of 90 aeriels for 811 yards and 8 touchdowns.

"He is the best passer I've ever had," says Parseghian. "There was no real wild recruiting in getting him, although he was fairly well in demand. Some coaches thought he was not strong enough physically to play in the Big Ten. We knew how good he was as a passer. In spring drills he proved his ability and we over-

hauled our complete offense to fit it."

"I'm just lucky to have some receivers who do a great job, because a majority of my passes have not been too good," Myers says.

Parseghian has surrounded his triggerman with some outstanding pass catchers. Fourteen different players have been his targets, five different ones catching touchdown shots.

## Su Mac Lad Is Favored

YONKERS, N.Y. (AP)—Su Mac Lad of the United States has been made the early 8-5 favorite for the \$60,000 United Nations Trot at Yonkers Raceway Thursday night.

Eight trotters, four from the United States and four from foreign countries, will meet in the 1 1/2-mile race that is designed to determine the 1962 world trotting champion.

Su Mac Lad drew the No. 2 post position and Duke Rodney, another U.S. horse, was made the second choice at 7-2 although he drew the outside No. 8 spot.

The third choice is France's Ozo, winner of the Transoceanic Trot last Thursday in which the top four finishers qualified as the foreign representatives in the race. Ozo will start from the No. 3 post and was listed at 9-2.

Other starters and their odds include Portehouse, United States, 6-1; The Silk, Canada, 8-1; Julianne, Sweden, 12-1; and Elaine Rodney, United States, and Ravioli, Belgium, both 15-1.

## Wilt Dunks 56 Points As Warriors Win

SAN FRANCISCO (AP)—There was no mistaking the star as the Warriors made their National Basketball Association debut in San Francisco a winning one Tuesday night with a 140-113 victory over the Detroit Pistons.

For Wilt Chamberlain, a 7-foot 1-inch ace, who set league scoring records for the team in Philadelphia the past seasons, scored 56 points in the new uniform to pace the assault at the Cow Palace.

Facing competition from the Gene Fullmer-Dick Tiger middleweight championship boxing match in nearby Candlestick Park the inaugural bout only 5,215.

As new coach Bob Feerick started an all-veteran lineup, Ted Luckenbill took the honor of scoring the first points and went on to tally nine of the first 11.

In the other NBA action Tuesday, the Cincinnati Royals rallied to edge the Los Angeles Lakers 116-115 and in another one-point affair, St. Louis beat Chicago 110-109. Syracuse beat New York 123-119.

Those results left Syracuse with a 2-0 record atop the Eastern Division and St. Louis with the same leading mark in the Western.

# Quarantine Of Cuba OK'd By President

(Continued from Page 1)  
The defense secretary said "we are taking no steps at the present time to call up reservists," although Congress has granted Kennedy authority to muster up to 150,000 of them if he thinks they are needed.

Other major developments:  
In a Havana television address, Prime Minister Castro shouted "we will know how to defend ourselves. We have taken the measures to resist and repulse any aggression from the United States." He called Kennedy a pirate.

In London, British Foreign Secretary Lord Home accused Soviet leaders of placing Soviet missiles in Cuba deliberately to threaten the United States, the Caribbean and South America. He accused them of trying to cover it up with lies.

A group of about 40 smaller countries in the United Nations agreed to ask Acting Secretary-General U Thant to intervene in the crisis in an effort to avoid a U.S.-Soviet collision.

The Organization of American States overwhelmingly approved the arms blockade and demanded the removal of offensive military bases from Cuba.

French President Charles de Gaulle reportedly sent Kennedy a message supporting his actions in the Cuban crisis and predicting the Soviet Union will not go to war.

U.S. Ambassador Adlai E. Stevenson urged the U.N. Security Council to act now on Cuba; Soviet Deputy Foreign Minister Valeriy Zorin told the United Nations that the arms blockade was a reckless act which brings the world to the brink of a thermonuclear war; Cuba's U.N. delegate, Mario Garcia-Inchausti, rejected a U.S. proposal that U.N. observers be sent to Cuba.

The Navy's special warning — beamed across the Atlantic — notified ships of all nations that "the President of the United States has proclaimed a quarantine of offensive military equipment under shipment to Cuba."

The message, repeated again and again, warned that blockade operations — and possible reactions by the Communists — "may make Windward Passage, Yucatan Channel and Florida Straits dangerous waters."

Ships were advised to use the Mona Passage between Puerto Rico and the Dominican Republic instead of the Windward Passage between eastern Cuba and Haiti.

In his proclamation, Kennedy declared prohibited material surface-to-surface missiles, bombers, air-to-surface rockets and guided missiles, mechanical or electronic gear associated with these weapons "and any other classes of material" added to the list by McNamara.

The President authorized McNamara to take "appropriate measures to prevent the delivery of prohibited material to Cuba, employing the land, sea and air forces of the United States in cooperation with any forces that may be made available by other American states."

Kennedy decreed that "force shall not be used except in case of failure or refusal to comply with directions... after reasonable efforts have been made to communicate them to the vessel or craft, or in case of self defense."

"We believe there are about 25 Soviet ships moving toward Cuba," the defense chief told reporters. "We believe there are some 10 or 12 Soviet ships in Cuban ports. We believe there are about 25 Soviet ships moving away from Cuba to return to their home ports."

## 1847 Grave At Old Town

GREENUP, Ky. — The grave of the first settler born west of the Allegheny Mountains is at Old Town in Greenup County. Mrs. Lucy Virgin Downs was born near Uniontown, Pa., in 1769. She lived in Old Town for about 40 years before her death in 1847.

IN THE COURT OF COMMON PLEAS, FAYETTE COUNTY, OHIO

Ralph James Butcher, Plaintiff,

vs.

Janie Butcher, Defendant.

Address Unknown.

NO. 23317

NOTICE

Janie Butcher, whose place of residence is unknown, will take notice that on September 18, 1962, the undersigned filed his petition against her in the Court of Common Pleas of Fayette County, Ohio, being Case No. 23317 on the docket thereof, praying for a divorce and relief on the grounds of willful absence of defendant from plaintiff for a period longer than one year. Said cause will be for hearing on and after the 2nd day of November, 1962.

RALPH JAMES BUTCHER  
By: Maddox and Hirt,  
his attorneys

## School Is Praying For Peace Today

CELINA, Ohio (AP)—Students at Immaculate Conception High School here are observing today in silent prayer for peace.

According to Sister Mary Paul-issa, principal, the idea originated with the junior class and was endorsed by the remainder of the student body.

Blackboards throughout the school were inscribed:

"If we can do it for basketball games, we can surely do it for world peace."

During the basketball season the school, a coeducational Roman Catholic institution, observes silence and prayer for victory on the day of a basketball game.

A hybrid rice has been developed which may double the yields of Asian fields.

## NOTICE

### SHERIFF'S SALE OF REAL ESTATE

Court of Common Pleas  
In pursuance of an Order of Sale on an execution issued out of the Court of Common Pleas of Fayette County, Ohio, wherein Columbus Products and Credit Association Plaintiff and Thurman Anders et al. Defendants, and being Case No. 23306 in said Court, I will offer at public sale, on the respective premises, on Saturday, the 27th day of October, 1962, the following described real estate.

SELLS AT 1:00 P. M.

FIRST TRACT: — Situate in the County of Fayette, State of Ohio in the Township of Jasper, and bounded and described as follows:  
Beginning at a stone northeast corner to Enoch Bush and in the line of said Enoch Bush S. 2 deg. W. 68 poles crossing a branch at 32 poles to a stone in the line of J. and S. Balan; thence N. 71 deg. E. running parallel with the Railroad 100 poles crossing the branch at 34 poles to a stone in the line of Daniel Bush; thence with his line N. 2 deg. E. 31 poles and 10 links to a stone near a blackberry corner to Daniel Bush; thence with another of his lines N. 88 deg. W. 98 poles and 4 links to the beginning containing Thirty Acres and One Hundred three poles of land, being part of Henry Massie Survey No. 8408, on the waters of Paint Creek, EXCEPTING therefrom One Half Acre sold and deeded by the said Daniel Bush and husband Charles W. Hyer, by deed bearing date the 30th day of March, 1889, and recorded in Vol. 4, Page 479, of the Fayette County, Ohio, Deed Records, to which reference is hereby made for a full description.

ALSO EXCEPTING THEREFROM that portion sold to Midland Railroad, thus leaving the amount conveyed by this deed of conveyance, Twentyone and Sixty three one hundredth acres (21.63), more or less.

ALSO EXCEPTING from the above described premises the following tract, to wit:

Beginning at the northeast corner of the lot owned by Matilda A. Hyer, thence in an easterly direction on a straight line with said Hyer's northern line, nine (9) poles to a point; thence in a southerly direction Eight (8) poles and Six (6) feet to a point in the line of the right of way of the C. C. & N. Railroad and 21 poles from the east line of the county road leading past grantees therein; thence with the line of said Railroad in a westerly direction Twenty one (21) poles to a point in the east line of said county road; thence in a northerly direction with the line of said road Nine (9) poles and Five (5) feet to a point in the south line of the grantees; thence with the south line of their lot Four (4) poles to the southeast corner of their lot; thence in a northerly direction and with their line about Eight (8) poles to the beginning containing ONE ACRE, more or less, and being part of the land deeded to the said George Weaver by Emma Smith, 1889, being part of Massie's Survey No. 8408.

LEAVING A NET ACREAGE IN THE ABOVE DESCRIBED TRACT OF TWENTY AND SIXTY THREE HUNDREDTHS (20.63) ACRES.

SELLS AT 2:00 P. M.

SECOND TRACT: Situate in the Township of Jasper, County of Fayette, and State of Ohio.  
Beginning at an iron pin in the center of the Jasper Mills and Harmony Road and in the north line of the right of way of the B. & O. Railroad and corner to the grantor; thence with the North line of said right of way North 74 deg. East 13.3 poles to an iron pin in the center of a county road, a corner to said railroad; thence with the center of said county road North 4 deg. East 10.37 poles to an iron pin in the center of said county road, southeast corner to Samantha Olinger and in the line of Charles Hyer; thence with the South line of said Olinger South 84 deg. W. 12.33 poles to an iron pin in the center of said Jasper Mills and Harmony road southwest corner to said Olinger; thence with the center of said Jasper Mills and Harmony Road South 16 deg. E. 13.03 poles to the beginning, containing 1.06 acres of land (one and six hundredths acres of land) and being part of Survey No. 8408.

First Tract and Second Tract being the same premises conveyed to Thurman Anders and Pauline Anders by Edwin Hidy et al. by deed dated June 13, 1960, recorded in Vol. 96, Page 592, of the Deed Records of Fayette County, Ohio.

THIRD TRACT: — Situate in the City of Washington, County of Fayette and State of Ohio.  
Being 85 feet off the front portion of Lot No. 66 in The Washington Improvement Company's Addition of said City. The tract herein described fronts 65 feet on Campbell Street and runs back of equal width along Pearl Street a distance of 85 feet. For a more definite description reference is hereby made to the Plat of said Addition on file in the office of the Recorder of said County.

Being the same premises conveyed to Thurman F. Anders and Mildred Pauline Anders by Lewis Cummings et al. by deed dated November 9, 1936, recorded in Vol. 89, Page 490, of the Deed Records of Fayette County, Ohio.

SELLS AT 3:00 P. M.

FOURTH TRACT: — Situate in the Township of Concord, County of Fayette and State of Ohio. Being in Survey 7382.  
Beginning at a stone in the county road corner to Lot No. 2; thence with said road S. 47 deg. W. 18.96 poles to a stone corner to Lot No. 4; thence with the line of Lot No. 4 S. 55 deg. W. 8.88 poles to a stone in the line of Worthington; thence with his line in 33 deg. E. 20.32 poles to a stone corner to Lot No. 2; thence with the line of Lot No. 2 N. 55 deg. E. 12.42 poles to the beginning, containing 1.40 acres.

Being the same premises conveyed to Thurman Anders and Pauline Anders by Edith Anders Parsons by deed dated November 20, 1955, recorded in Vol. 89, Page 527, of the Deed Records of Fayette County, Ohio.

FIRST TRACT improved with two-car frame garage and other out-buildings on township road one - four mile north from Jasper Mills railroad crossing.

SECOND TRACT improved with six room 1-1/2 story frame modern dwelling with barn and attached garage on east side of Jasper - Coal Road immediately north of railroad crossing in Jasper Mills.

## DAILY CRYPTOQUOTE — Here's how to work it:

AXYDLBAAXR  
K LONGFELLOW

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

## Your Horoscope

### The Stars Say — By ESTRELLITA

#### For Tomorrow

GOOD PLANETARY influences continue. Use every possible opportunity to display your resourcefulness, ingenuity and creative ability. Production should be at peak performance now. P.M. influences favor romance and courtship; also social affairs.

#### For The Birthday

If tomorrow is your birthday, your innate intuition and foresight should enable you to mold conditions to suit yourself during the coming months, but be sure to use every possible resource and do not permit minor obstacles to sway you from your goals.

Personal relationships should be unusually harmonious during

the next year, with social and romantic interests particularly stimulating. You may experience some domestic stress during February, but it will be of short duration.

For those in the professions, the next seven months favor dealings with scientists and technicians and, if you happen to be in the entertainment or other artistic fields, with producers and agents. For all, however, it is an excellent period for collaborating with others. Business as well as professional partnerships should prosper.

A child born on this day will be highly intuitive, but may have a tendency to strike back unwarrantedly at the slightest affront to his pride.

## Camp Fire Girls Program Set Up

Many Activities Planned By Leaders

Many activities for the Camp Fire Girls during the coming year were planned by the Leaders Association of the Paint Valley Council at its meeting Tuesday.

Mrs. Beryl Smith, chosen as chairman, will represent the leaders at the Council's board meetings and Mrs. Joe Hobbie will be elected secretary of the Leaders Association.

The Council's principal money making project, selling candy, was scheduled for Nov. 9-26 and a skating party at Roller Haven was slated for Dec. 6. A potluck — an Indian — style potluck — supper will be held in January.

A series of leadership training sessions will be held for adult leaders Nov. 6-20 in the Farm Bureau auditorium and there will be an outdoor training session Nov. 13 at the Fish and Game Association's lodge near Buena Vista. Mrs. Harry Myers, of Columbus, will be in charge of the training.

Plans for the annual dinner meeting for adult members of the Council Nov. 15 in Parish Hall of St. Andrew's Protestant Episcopal Church were completed at the Tuesday meeting. Election of officers will top the agenda for the business session. The junior high school Camp Fire Girls will be in charge of the entertainment and Judge Omar Schwartz of the Juvenile Court will be the principal speaker.

The leaders heard reports that three new Blue Bird groups (younger girls) and one new Camp Fire group have been formed. The chairman announced that anyone interested in leading a group should call the Camp Fire Girls office (4-4591). The office is open from 9:30 until 11:30 a. m. each weekday except Wednesday. It also is open from 1:30 until 3:30 on Tuesdays.

Leaders at the meeting were Mrs. Barbara Lanum, Mrs. Juanita James, Mrs. Doris Roush, Mrs. Helen Dowler, Mrs. Gladys Shoemaker, Mrs. Helen Lynch, Mrs. Janet Miller, Mrs. Jane Steiner, Mrs. Mary Marchant, Mrs. Ruth Hobbie, Mrs. Katherine Rowland, Mrs. Janet Boyer, Mrs. Dorothy Morton and Mrs. Anna Lee Smith.

## Blessed Events

Mr. and Mrs. Jack DeWesse, Rt. 4, son, 8 pounds, at 9:30 a. m., Tuesday, Memorial Hospital.

Mr. and Mrs. Howard Runnels, Wayne St., daughter, 7 pounds, 9 ounces, at 6:33 p. m., Tuesday, Memorial Hospital.

Mr. and Mrs. Lowell Warrens, 401 Sixth St., daughter, 7 pounds, 10 ounces, at 5:07 a. m., Wednesday, Memorial Hospital.

Mr. and Mrs. James Goolsby, 814 Rawlings St., son, 6 pounds, 6 ounces, at 6:17 a. m., Wednesday, Memorial Hospital.

Mr. and Mrs. Harold Davis, Lees Creek, daughter, 7 pounds, 13 ounces, at 4:25 a. m., Wednesday, Memorial Hospital.

## First Lady Calls Off Her Social Schedule

WASHINGTON (AP) — Jacqueline Kennedy has canceled her social schedule for the time being.

The White House said today Mrs. Kennedy has called off a reception for poets attending the national poetry festival at the Library of Congress. She had planned to meet the poets at noon in the White House.

No formal reason was given for the cancellation, nor was any definite word given as to how long Mrs. Kennedy would abandon such functions.

## Union Fund Transfer Approved By Court

Judge John P. Case Wednesday signed a Common Pleas Court journal entry authorizing Union Twp. trustees to transfer \$10,000 from the township general fund to the road and bridge fund to provide necessary operating funds.

Consent of the State Department of Taxation to the transfer previously had been received. There were no objections to the transfer after the application was filed.

# Miami Trace School Dedication Sunday

Formal dedication services for the new Miami Trace High School building will be held at 2:30 p. m. Sunday in the school auditorium.

Principal speaker will be the Rev. Russell H. Hoy, Coshocton, a member of the State Board of Education.

William E. Williams, representing the Sever-Williams Co., Inc., general contractors, will present the keys to the building to John Kline, Springfield, the architect, who in turn will present them to Taylor Groff, president of the Miami Trace Board of Education.

Miss Grace Fern Heck, Springfield, the board's bonding attorney, will present the flag to the school.

George H. Groh Jr., Miami Trace High School principal, will welcome the audience, and Roger O. Hoffman, superintendent of Fayette County schools, will introduce the speaker.

The MTHS Girls' Ensemble, directed by David H. Bezona, will sing "One God" and "Let Not Your Heart Be Troubled."

Common Pleas Judge John P. Case will give the invocation and the benediction.

REV. MR. HOY was reared on a farm in Trumbull County and received his education at Bristol High School, Ohio Wesleyan University and the Garrett Biblical Institute, Evanston, Ill. In 1949 he received the honorary degree of Doctor of Divinity from Ohio Wesleyan.

He is active in rural organizations in his own community and throughout Ohio as a speaker. He was chaplain of the Ohio State Grange from 1941 - to - 1956 and has written the column, "The Country Parson Ponders," in the Ohio Farmer magazine since 1945. He has been lecturer on "Human Relations" at the Soil and Water Research Station, near Coshocton, since 1950.

In the fall of 1955 he was elected a member of the State Board of Education from the 17th Congressional District.

He is in his 25th year as pastor of the Canal Lewisville Methodist Church, near Coshocton.

He lives on his own 10-acre homestead where he practices what he described as a "raise-your-own-living" philosophy. He and his wife are the parents of four children, two of whom are married.

Carl Johnson, former resident of Washington C. H., is a patient in Miami Valley Hospital, Dayton. Johnson and his wife, both blind, were crossing the street in the Dayton downtown section last week when they were struck by a car. Mrs. Johnson was slightly injured and her husband suffered a broken leg.

The name of Rodney Minnich was inadvertently omitted from the list of Fayette County residents attending Wilmington College this term. The son of Mr. and Mrs. Paul T. Minnich, Rt. 4, he is a freshman at the school.

Dr. and Mrs. Robert F. Hagerty, 720 Highland Ave., have returned from a visit of several days at the mountain resort, The Homestead, Hot Springs, Va.

Mr. and Mrs. Harold Rowe, Jamestown, have named their daughter, born in Memorial Hospital Tuesday, Sherri Dee.

REV. RUSSELL HOY

tions in his own community and throughout Ohio as a speaker. He was chaplain of the Ohio State Grange from 1941 - to - 1956 and has written the column, "The Country Parson Ponders," in the Ohio Farmer magazine since 1945. He has been lecturer on "Human Relations" at the Soil and Water Research Station, near Coshocton, since 1950.

Judge Case told the appellate court that he would let the case against him stand on his answer which was filed several weeks ago.

## Appellate Court Takes Five Cases Under Advisement

The Second District Court of Appeals closed its semiannual Fayette County session at 3 p. m. Tuesday, taking five cases under advisement after hearing oral arguments.

Members of the court are Judges Calvin Crawford and Paul Sherer, Dayton, and Joseph E. Kerns, Urbana.

The appeals included those of Clay Snider, from a Municipal Court conviction on charges of selling intoxicants to a minor and Sunday sale; City Auditor Clarence Christman, from a decision of Common Pleas Court enjoining him from further proceedings on a requested annexation; the J. D. Nichols Stores Inc., from a lower court decision denying an order restraining Paul and Mae Lipschutz from renting a local store to a competing clothing firm, a mandamus action by Mrs. Daisy Snyder asking that Judge John P. Case be compelled to dismiss a case filed by Ralph Child and Mrs. Snyder's appeal from Judge Case's refusal to dismiss a partition action brought by Child in a guardianship case.

Judge Case told the appellate court that he would let the case against him stand on his answer which was filed several weeks ago.

Transmissions from Telstar, the world's first experimental communications satellite, are directly powered by a 19-cell storage battery.

## Open House Plans Completed For Washington High School

Plans for the open house to be held from 7:30 until 9 p. m. Thursday in the Washington C. H. junior and senior high schools (grades seven through 12) have been completed, Principal Harold Wherry announced today.

Parents of the junior high school students (seventh and eighth grades) will meet first at 7:30 p. m. in the auditorium for an orientation program. After this they will be given an opportunity to get acquainted and talk with the teachers of their children.

There will be four 15-minute discussions for parents of junior high school students. The teachers will explain objectives of the classes and the problems that arise in junior high school teaching.

Parents of senior high school students (freshman, sophomore, junior, senior) will meet at 7:30 p. m. in the lunch room, where they will have an opportunity to get acquainted and talk informally with the teachers. After this, they also will have four 15-minute discussion periods.

Should any of the parents want

## Death Trial Continues

HAMILTON, Ohio (AP) — The second-degree murder trial of David C. Dwelly continued today with the first prosecution witnesses expected to take the stand. Dwelly, 23, is accused of beating his wife Marilyn, 21, to death with a hammer last August.

a private conference with a teacher, an appointment may be made to suit their convenience, Wherry said.

School officials said it is their hope that, through the open house, teachers and parents will get a better understanding of home and school and that every student will profit by it.

## He Doesn't Believe

### Advice On Own Chest

DAYTON, Ohio (AP) — A man arrested in Dayton by the FBI apparently doesn't believe his tattoo artist.

William Campbell, 37, was arrested Tuesday for unlawful flight to avoid prosecution on a burglary charge filed in New Albany, Ind. During questioning, Campbell told FBI agents he had tattoos on his arms, thighs and across his chest.

The chest tattoo reads: "Crimes does not pay."
